

Central Weber Sewer Improvement District

August 7, 2024

Charlie Ewert
Weber County Planning Commission
2380 Washington Blvd #240, Ogden, UT 84401

SUBJECT: Summer Crest Meadows Phase 4
Sanitary Sewer Service
Will Serve Letter

Charlie:

At the request of Carson Jones, Summer Crest Meadows Phase 4 a development of 102 residential lot located approximately at 2550 S. 4950 W. **The entire parcel of property to be served will need to be annexed into the District prior to any service or connection to the District's line.** We offer the following comments regarding Central Weber providing sanitary sewer service.

1. At this time, Central Weber has the capacity to treat the sanitary sewer flow from this subdivision. The Inasmuch as system demand continuously changes with growth, this assessment is valid for three (3) years from the date issued on this letter.
2. If any connection is made directly into Central Weber's line the connection must be inspected by Central Weber while the work is being done. A minimum of 48-hour notice for inspection shall be given to Central Weber prior to any work associated with the connection.
3. Central Weber will not take ownership or responsibility for the condition, ownership, or maintenance of the proposed sanitary sewer lines (gravity or pressure) or system that will be installed to serve this subdivision.
4. The connection of any sump pumps (or similar type pumps) to the sanitary sewer system is prohibited during or after construction. Central Weber's Wastewater Control Rules and Regulations state:

Prohibited Discharge into Sanitary Sewer. No person shall discharge or cause or make a connection which would allow to be discharged any storm water, surface water, groundwater, roof water runoff or subsurface drainage to any sanitary sewer.

Central Weber Sewer Improvement District

5. The entire parcel of property to be served will need to be annexed into the District prior to any connection to the District's line. This annexation must be complete before the sale of any lots in the subdivision.
6. Impact fees will need to be paid to Central Weber Sewer Improvement District no later than the issuance of any building permits.

If you have any further questions or need additional information, please let us know.

Sincerely,

Clay Marriott
