Submittal Checklist				
<input type="checkbox"/> The application shall include a Storm Water Pollution Prevention Plan which meets the criteria set forth in Section 33-3-4 of the county ordinances.				
The applicant shall file the application on or before the following dates:				
Subdivision: The date that the applicant submits the preliminary subdivision development plat application.				
Site Plan: The date that the applicant submits a site plan application or amended site plan.				
Building Permit: The date that the applicant submits a building permit application if the applicant proposes to construct a building on an existing lot or parcel.				
Land Use Permit: The date that the applicant submits a land use permit application.				
Other: At least two (2) weeks before the developer intends to perform any type of work not listed above that would require a Storm Water Construction Activity Permit pursuant to this Chapter.				
Failure to acquire a required Storm Water Construction Activity Permit is grounds for tabling a related subdivision application, site plan application, conditional use permit application, or building permit application. It is unlawful to commence work (move dirt) on a development site before obtaining a required Storm Water Construction Activity Permit.				
Note: A pre-construction meeting is required before performing any on-site earth work, unless waived by the county engineer.				
sec Plan
