3.6.1. ***Approval Required Before Development.*** A Development Application shall be submitted for any Development. Except as otherwise provided herein, no improvements shall be constructed within the Project without Master Developer or a Subdeveloper first obtaining approval of the Development Application for such Development from the County. Upon approval by the County of any Development Application, the Development related to such approval may be improved in accordance with the approved Development Application, subject to the terms, conditions, and provisions of the Development Application.

3.6.2. ***Building Permits.*** No building permit shall be issued by the County for construction of any Development unless Master Developer or a Subdeveloper has completed to the level required by the County's Vested Laws the required infrastructure to comply with County requirements for phasing of infrastructure and completion of off-site improvements required by the relevant Development Application. Building permits shall be issued once there is water necessary for fire protection and any required street is constructed to a level that supports all of the fire authority's fire apparatuses. Except as provided in the County's Vested Laws, no buildings, improvements, or other structures shall be constructed within the Project without Master Developer and/or a Subdeveloper first obtaining an appropriate building permit(s), and/or grading and excavation permits, as applicable. Master Developer and/or a Subdeveloper may apply for and obtain a grading permit following approval of a preliminary Subdivision plat if Master Developer and/or a Subdeveloper has submitted and received approval of a site grading plan from the County Engineer and all required fees are paid.

3.6.3. ***County and Other Governmental Agency Permits.*** Before commencement of construction or Development of any buildings, structures or other work or improvements upon any portion of the Project, Master Developer or a Subdeveloper shall, at its expense, secure, or cause to be secured, any and all permits which may be required by the County or any other governmental entity having jurisdiction over the work. The County shall reasonably

cooperate with Master Developer or a Subdeveloper in seeking to secure such permits from other governmental entities.

3.6.4. ***Fees.*** Master Developer or a Subdeveloper shall pay to the County the standard fees applicable to any submittal of a Development Application under the County's fee schedule in effect at the time of the application.

3.6.5. ***County Cooperation and Approval.*** The County shall cooperate reasonably and in good faith in promptly processing and reviewing all Development Applications in accordance with the procedures identified in this ARMDA. Development Applications shall be approved by the County if such Development Applications comply with the applicable portions of the County's Vested Laws, the County's Future Laws (if applicable, and this ARMDA.

3.6.6. ***Outsourcing of Processing of Development Applications.***

3.6.6.1. County Processing. The provisions of Section 3.6.6 and 3.6.11 shall not apply to any Development Application being processed by the County, either directly or as an outsource from another jurisdiction, under the authority of the County Commission using the County's Vested Laws.

3.6.6.2. Timing. Within fifteen (15) business days after receipt of a Development Application and upon the request of Master Developer, the County and Master Developer will confer to determine whether the County desires to Outsource the review of any aspect of the Development Application to ensure that it is processed on a timely basis.

3.6.6.3. Election/Cost Estimate. If the County or Master Developer determines in either of their its discretion that Outsourcing is appropriate to meet review timeliness requirements of State Code, then the County shall promptly estimate the reasonably anticipated differential cost of Outsourcing in the manner selected by the County in good faith consultation with the Master Developer or Subdeveloper (either overtime to County employees or the hiring of a County Consultant). If the Master Developer or a Subdeveloper notifies the County that it desires to proceed with the Outsourcing based on the County's estimate of costs, then the Master Developer or Subdeveloper shall deposit in advance with the County the estimated differential cost and the County shall then promptly proceed with having the work Outsourced.

3.6.6.4. Compliance with Applicable Codes. Any Outsourced work shall be performed pursuant to applicable standards including, but not limited to, the County's Vested Laws, Federal law, State Code, and any adopted uniform standards such as AASHTO, the IBC and the IFC.

- 3.6.6.5. **Final Payment.** Upon completion of the Outsourcing Work and the provision by the County of an invoice (with such reasonable supporting documentation as may be requested by Master Developer or Subdeveloper) for the actual differential cost (whether by way of paying a County Consultant or paying overtime to County employees) of Outsourcing, Master Developer or the Subdeveloper shall, within ten (10) business days pay or receive credit (as the case may be) for any difference between the estimated differential cost deposited for the Outsourcing and the actual cost differential. Any dispute regarding this section shall be resolved pursuant to the Dispute Resolution Processes.
- 3.6.6.6. **Acceptance of Outsourced Work.** The County shall accept the results of any Outsourced Work under this section unless the County determines that the Outsourced Work has not been performed pursuant to County standards or is materially incorrect. If the County does not give Master Developer Notice within ten (10) business days of receiving the Outsourced Work that the County disputes the acceptability of the Outsourced Work, then the County shall be deemed to have accepted the Outsourced Work. Any disputes relating to the Outsourced Work shall be subject to the Dispute Resolution Process.
- 3.6.7. ***Acceptance of Certifications Required for Development Applications.*** Any Development Application requiring the signature, endorsement, or certification and/or stamping by a person holding a license or professional certification required by the State of Utah in a particular discipline shall be so signed, endorsed, certified or stamped signifying that the contents of the Development Application comply with the applicable regulatory standards of the County.
- 3.6.8. ***Independent Technical Analyses for Development Applications.*** If the County needs technical expertise beyond the County's internal resources to determine impacts of a Development Application such as for structures, bridges, water tanks, and other similar matters which are not required by the County's Vested Laws to be certified by such experts as part of a Development Application, the County may engage such experts as County Consultants, with the actual and reasonable costs, being the responsibility of Applicant.
- 3.6.9. ***Intent of One-Time Review.*** The County should endeavor to make all of its redlines, comments or suggestions at the time of the first review of the Development Application unless any changes to the Development Application raise new issues that need to be addressed.
- 3.6.10. ***County Denial of a Development Application.*** If the County denies a Development Application the County shall provide with the denial a Notice advising the Applicant of the reasons for denial including specifying the reasons the County believes that the Development Application is not consistent with this ARMDA, the Master Plan, and/or

any applicable County's Vested Laws (or, if applicable, the County's Future Laws).

- 3.6.11. ***Dispute Resolution.*** The County's denial of any Development Application shall be subject to the Dispute Resolution Processes.
- 3.6.12. ***County Denials of Development Applications Based on Denials from Non-County Agencies.*** If the County's denial of a Development Application is based on the denial of the Development Application by a Non-County Agency, Master Developer shall appeal any such denial through the appropriate procedures for such a decision and not through the processes specified herein.
- 3.6.13. ***Construction Prior to Completion of Infrastructure.*** Master Developer may apply for and obtain building permits and/or temporary Certificates of Occupancy for uninhabited model homes, home shows, sales offices, construction offices or similar uses pursuant to the County's Vested Laws prior to the installation of all Public Infrastructure and Improvements required to be eventually completed so long as such installation is secured consistent with the County's Vested Laws including the requirements for fire protection. No permanent Certificate of Occupancy shall be issued by the County, except in compliance with the County's Code.
- 3.6.14. ***Outsourcing of Inspections.***
  - 3.6.14.1. County Processing. The provisions of Section 3.6.14 shall not apply to any inspections being performed by the County, either directly or as an outsource from another jurisdiction, under the authority of the County Commission using the County's Vested Laws.
  - 3.6.14.2. Timing. Within fifteen (15) business days after receipt of a request from Master Developer to Outsource the inspections of the construction of any Development, the County and Master Developer will confer to determine whether the County desires to Outsource the inspections to ensure that they are processed on a timely basis.
  - 3.6.14.3. Election/Cost Estimate. If the County or Master Developer determines in either of their discretion that Outsourcing is appropriate, then the County shall promptly estimate the reasonably anticipated differential cost of Outsourcing in the manner selected by the County in good faith consultation with the Master Developer or Subdeveloper (either overtime to County employees or the hiring of a County Consultant). If the Master Developer or a Subdeveloper notifies the County that it desires to proceed with the Outsourcing based on the County's estimate of costs, then the Master Developer or Subdeveloper shall deposit in advance with the County the estimated differential cost and the County shall then promptly precede with having the work Outsourced.

- 3.6.14.4. Compliance with Applicable Codes. Any Outsourced work shall be performed pursuant to applicable standards including, but not limited to, the County's Vested Laws, Federal law, State Code, and any adopted uniform standards such as AASHTO, the IBC and the IFC.
- 3.6.14.5. Final Payment. Upon completion of the Outsourcing services and the provision by the County of an invoice (with such reasonable supporting documentation as may be requested by Master Developer or Subdeveloper) for the actual differential cost (whether by way of paying a County Consultant or paying overtime to County employees) of Outsourcing, Master Developer or the Subdeveloper shall, within ten (10) business days pay or receive credit (as the case may be) for any difference between the estimated differential cost deposited for the Outsourcing and the actual cost differential. Any dispute regarding this section shall be resolved pursuant to the Dispute Resolution Processes.
- 3.6.14.6. Acceptance of Outsourced Work. The County shall accept the results of any outsourced decision under this section without any further review by the County.

3.7. **Parcel Sales.** The County acknowledges that the precise location and details of the public improvements, lot layout and design, and any other similar item regarding the development of a particular Parcel may not be known at the time of the creation of or sale of a Parcel. Master Developer may obtain approval of a Parcel in any manner allowed by law. If, pursuant to Utah Code Ann. § 17-27a-103 (2025), there are no individually developable lots in the Parcel, the creation of the Parcel would not be subject to subdivision requirement in the County's Vested Laws including the requirement to complete or provide security for any Public Infrastructure at the time of the creation of the Parcel. The responsibility for completing and providing security for completion of any Public Infrastructure in the Parcel shall be that of the Master Developer or a Subdeveloper upon a subsequent Subdivision of the Parcel that creates individually developable lots. An instrument shall be recorded specifying the material details of any Parcel sale such as the number of acres, number of units and any other material information regarding what rights and/or obligations are being sold. The recorded instrument shall be signed by Master Developer and the buyer. The County shall also sign acknowledging that it has notice of the sale and that the recorded instrument complies with this subsection.

3.8. **Accounting for RDUs for Developments by Master Developer.** At the recordation of a final plat or other approved and recorded instrument for any Development developed by Master Developer that includes RDUs, Master Developer shall provide the County a Development Report showing any RDUs used with the Development and the RDUs remaining with Master Developer and for the entire remaining Project.

3.9. **Development Report.** With any Development Application, Master Developer shall file a Development Report showing:

- 3.9.1. **Ownership** of the portion of the Property subject to the Development Application;

- 3.9.2. **Maximum RDUs** The Maximum RDUs allowed by this ARMDA;
- 3.9.3. **Units Previously Platted Under This ARMDA.** The number of RDUs previously platted pursuant to this MDA and their percentage of the Maximum RDUs;
- 3.9.4. **Ongoing Application Units.** The number of RDUs that are part of a submitted but not yet platted Development Application, and their percentage of the Maximum RDUs;
- 3.9.5. **Units Proposed to be Developed.** The number of RDUs intended to be platted by the proposed Development Application, and their percentage of the Maximum RDUs;
- 3.9.6. **Units Transferred or Remaining.** The number of RDUs remaining with Master Developer pursuant to this ARMDA and their percentage of the Maximum RDUs;
- 3.9.7. **Parks, Trails, and Open Space.** The amount, type, location, and timing of any Parks, Trails, and Open Space, including the percentage of acreage for Parks and Open Space, or linear feet of trails, separating paved trail quantities from soft trail quantities, together with all of their respective percentage of totals proposed in the PTOS; and
- 3.9.8. **Material Effects.** Any material effects of the sale on the Master Plan.

3.10. **Accounting for Used or Transferred RDUs.** Master Developer is responsible for the accounting of, disposition of, or use of all RDUs within the Project. County shall have no obligation or authority to oversee, regulate, or mediate Master Developer's sale or other transfer of RDUs to any other party owning land within the Project, provided that their use is in compliance with this ARMDA and County Laws.

3.11. **Phasing.** The County acknowledges that Master Developer may develop the Project in Phases. No sequential phasing is implied by any numbering in the Master Plan. The Parties acknowledge that the most efficient and economic development of the Project depends on numerous factors, such as market conditions and demand, infrastructure planning, competition, the public interest, and other similar factors.

- 3.11.1. **Master Plan and PTOS Compliance.** The Development Application for any Phase shall comply with the Master Plan and the PTOS Plan.
- 3.11.2. **Concurrency.** The Development Application for each Phase shall establish that the needs of future phases for Public Infrastructure are properly accounted for and provide for future access and infrastructure connectivity and compatibility with future phases including the temporarily dead-end street provisions in County Vested Laws.
- 3.11.3. **Phasing Discretion.** Except as specified herein, the development of the Project in Phases shall be in the sole discretion of Master Developer.

3.12. **Nightly Rental Limitations.** Nightly rentals shall be allowed as a permitted use for all RDUs in the Project. Nightly rentals shall not be allowed for periods of less than three (3) nights.

4. **Zoning and Vested Rights.**

4.1. **Vested Rights Granted by Approval of this ARMDA.** To the maximum extent permissible under the laws of Utah and the United States and at equity, the County and Master Developer intend that this ARMDA grants to Master Developer all rights to develop the Project in fulfillment of this ARMDA except as specifically provided herein. The Parties intend that the rights granted to Master Developer under this ARMDA are contractual and also those rights that exist under statute, common law and at equity. The Parties specifically intend that this ARMDA grants to Master Developer “vested rights” as that term is construed in Utah’s common law and pursuant to Utah Code Ann. § 17-27a-508 (2025).

4.2. **Exceptions.** The restrictions on the applicability of the County’s Future Laws to the Project as specified in Section 1.2.11 are subject to only the following exceptions:

- 4.2.1. **Master Developer Agreement.** County’s Future Laws that Master Developer agrees in writing to the application thereof to the Project;
- 4.2.2. **State and Federal Compliance.** County’s Future Laws which are generally applicable to all properties in the County, and which are required to comply with State and Federal laws and regulations affecting the Project;
- 4.2.3. **Codes.** County’s Future Laws that are updates or amendments to existing building, plumbing, mechanical, electrical, dangerous buildings, drainage, or similar construction or safety related codes, such as the International Building Code, the APWA Specifications, AAHSTO Standards, the Manual on Uniform Traffic Control Devices or similar standards that are generated by a nationally or statewide recognized construction/safety organization, or by the State or Federal governments and are required to meet legitimate concerns related to public health, safety or welfare;
- 4.2.4. **Taxes.** Taxes, or modifications thereto, so long as such taxes are lawfully imposed and charged uniformly by the County to all properties, applications, persons, and entities similarly situated;
- 4.2.5. **Fees.** Changes to the amounts of fees (but not changes to the times provided in the County’s Vested Laws for the imposition or collection of such fees) for the processing of Development Applications that are generally applicable to all development within the County (or a portion of the County as specified in the lawfully adopted fee schedule) and which are adopted pursuant to State law;
- 4.2.6. **Compelling, Countervailing Interest.** Laws, rules or regulations that the County’s land use authority finds, on the record, are necessary to avoid jeopardizing a compelling, countervailing public interest pursuant to Utah Code Ann. § 17-27a-508(1)(a)(ii) (2025).

4.3. **Reserved Legislative Powers.** The Parties acknowledge that under the laws of the State of Utah (including Utah Code Ann. § 17-27a-528 (2025)) and the United States, the County’s authority to limit its police power by contract has certain restrictions. As such, the limitations, reservations,

and exceptions set forth herein are intended to reserve for the County those police powers that cannot be so limited. Notwithstanding the retained power of the County to enact such legislation under the County's police powers, such legislation shall only be applied to modify the vested rights of the Master Developer under the terms of this ARMDA based upon the policies, facts, and circumstances meeting the compelling, countervailing public interest exception to the vested rights doctrine in the State of Utah. Any such proposed legislative changes affecting the vested rights of the Master Developer under this ARMDA shall be of general application to all development activity in the County and, unless the County declares an emergency, Master Developer shall be entitled to prior written notice and an opportunity to be heard with respect to any proposed change and its applicability to the Project under the compelling, countervailing public interest exception to the vested rights doctrine.

5. **Term of Agreement.** The initial term of this ARMDA shall be until December 31, 2034. If as of that date, Master Developer is in compliance of this ARMDA and has not been declared to be in default as provided in Section 11, or if a default has been declared but has been cured or is in the process of being cured as provided therein, then this ARMDA shall be automatically extended until December 31, 2039, and, thereafter, for two (2) additional period of five (5) years each provided the forgoing condition is true. This ARMDA shall also terminate automatically at Buildout.

6. **Application Under County's Future Laws.** Without waiving any rights granted by this ARMDA, Master Developer may at any time, and from time-to-time, choose to submit a Development Application for some or all of the Project under the County's Future Laws in effect at the time of the Development Application so long as Master Developer is not in current breach of this Agreement. Any Development Application filed for consideration under the County's Future Laws shall be governed by all portions of the County's Future Laws related to the Development Application. The election by Master Developer at any time to submit a Development Application under the County's Future Laws shall not be construed to prevent Master Developer from applying for other Development Applications on the County's Vested Laws. Subdevelopers may not submit a Development Application under the County's Future Laws without the consent of the Master Developer.

7. **Public Infrastructure.**

7.1. **Construction by Master Developer.** Master Developer shall have the right and the obligation to construct or cause to be constructed and installed, all Public Infrastructure reasonably and lawfully required as a condition of approval of the Development Application.

7.1.1. ***Security for Public Infrastructure.*** If, and to the extent required by the County's Vested Laws, unless otherwise provided by CLUDMA, security for any Public Infrastructure is required by the County it shall be provided in a form acceptable to the County (which may include security based on real property) as specified in the County's Vested Laws. Partial releases of any such required security shall be made as work progresses based on CLUDMA and the County Vested Laws.

7.1.2. ***Bonding for Landscaping.*** Security for the completion of those items of landscaping that are weather or water dependent shall be provided as required by the County's Vested Laws in conformance with CLUDMA.

7.2. **Dedication of Public Improvements.** All of the infrastructure and improvements dedicated to the County pursuant hereto shall be constructed to the County's standard specifications unless otherwise agreed in this ARMDA or otherwise and shall be subject to County requirements for the payment of property taxes, inspections, and approval before acceptance by the County. The County shall accept such

dedication after payment of all taxes and fees and inspection and correction of any deficiency or failure to meet County standards.

8. **Upsizing/Reimbursements to Master Developer.**

8.1. **“Upsizing”.** The County shall not require Master Developer to “upsized” any future Public Infrastructure (i.e., to construct the infrastructure to a size larger than required to service the Project) unless financial arrangements that are mutually acceptable to Master Developer and County are made to compensate Master Developer for the incremental or additive costs of such upsizing. For example, if an upsized to a water pipe size increases Master Developer’s costs by 10% but adds 50% more capacity, the County shall only be responsible to compensate Master Developer for the 10% cost increase. Acceptable financial arrangements for upsizing of improvements include reimbursement agreements, payback agreements, pioneering agreements, and impact fee credits and reimbursements.

8.2. **Dispute Resolution.** Any dispute regarding this section shall be resolved pursuant to the Dispute Resolution Processes.

9. **Parks, Trails, and Open Space.**

9.1. **PTOS Plan.** All aspects of the parks, trails and open space for the Project shall be as specified in the PTOS Plan, Exhibit “C” and as follows. The percentage of RDUs proposed from the Maximum RDUs in any Development Application shall be the same percentage or no more than 15% less than the percentage of Open Space acreage from the overall proposed Open Space acreage, and the percentage of linear feet of trail from the overall proposed linear feet of trail, as provided in the PTOS Plan. For the Open Space acreage, the nearest Open Space acreage reasonably available shall be provided. For the trails, linear feet shall be added to the 10-foot wide paved trail when a proposed RDU or lot is located within 660 feet of the planned location of the 10-foot wide paved trail; otherwise linear feet shall be added to any trail as determined by Developer.

10. **On-Site Processing of Natural Materials/Mass Grading.**

10.1. **On-Site Processing.** Subject to the objective standards in the Design Standards, Master Developer shall have the right as a permitted use to use or sell the natural materials located on the Property such as sand, gravel, and rock, and may process such natural materials into construction materials such as aggregate, topsoil or concrete for use in the construction of infrastructure, homes or other buildings or improvements located in the Project and for use on other locations outside the Project within a three (3) mile radius of the Project. Master Developer shall obtain a land use permit from the County prior to extracting or processing the natural materials on the Property. If the proposed excavation for the use of the natural materials as contemplated in this section is consistent with standards specified in the Design Standards, then it shall be approved by the Administrator irrespective of whether the proposed excavation is in conjunction with a Subdivision or just the excavation by itself. The County shall issue a land use permit if the standards of this section are satisfied. Any dispute regarding this section shall be resolved pursuant to the Dispute Resolution Processes.

10.2. **Mass Grading.** Subject to the objective standards in the Design Standards, Master Developer shall also have the right as a permitted use to mass grade the site of the Project and grade the roads within the Project. The mass grading and road grading shall be in the approximate locations of the development and road areas of the Project as generally illustrated on the Master Plan, Exhibit “B”.

11. **Default.**

11.1. **Notice.** If Master Developer or a Subdeveloper or the County fails to perform their respective obligations hereunder or to comply with the terms hereof, the party believing that a Default has occurred shall provide Notice to the other party. If the County believes that the Default has been committed by a Subdeveloper then the County shall also provide a courtesy copy of the Notice to Master Developer.

11.2. **Contents of the Notice of Default.** The Notice of Default shall:

- 11.2.1. ***Specific Claim.*** Specify the claimed event of Default;
- 11.2.2. ***Applicable Provisions.*** Identify with particularity the provisions of any applicable law, rule, regulation, or provision of this ARMDA that is claimed to be in Default;
- 11.2.3. ***Materiality.*** Identify why the Default is claimed to be material; and
- 11.2.4. ***Optional Cure.*** If the County chooses, in its discretion, it may propose a method and time for curing the Default which shall be of no less than thirty (30) days duration.
- 11.2.5. ***Dispute Resolution.*** Upon the issuance of a Notice of Default or, if the optional curing period is provided, upon failure to timely cure a claimed Default, the Parties shall engage in the Dispute Resolution Processes.

11.3. **Remedies.** If the Parties are not able to resolve the Default by the Dispute Resolution Processes, then the Parties may have the following remedies:

- 11.3.1. ***Law and Equity.*** All rights and remedies available in law and equity including, but not limited to, injunctive relief and/or specific performance.
- 11.3.2. ***Security.*** The right to draw on any security posted or provided in connection with the Project and relating to remedying of the particular Default.
- 11.3.3. ***Future Approvals.***
  - 11.3.3.1. **Essential Systems.** If the Default involves the construction of essential systems required for the development of the Project the County may withhold all further applications, reviews, approvals, licenses, building permits and/or other permits for development of the Project until the Default has been cured.
  - 11.3.3.2. **Master Developer Defaults.** If the Default is complained to have been committed by Master Developer but is not of an essential system the County may withhold all further applications, reviews, approvals, licenses, building permits and/or other permits requested by Master Developer for development of those portions of the Project owned by Master Developer until the Default has been cured. The County may not under this subsection withhold any such applications, reviews, approvals, licenses, building permits and/or other permits for any

Subdeveloper or assignee.

11.3.3.3. Defaults of Subdevelopers or Assignees. If the Default is complained to have been committed by a Subdeveloper or assignee but is not of an essential system the County may withhold all further applications, reviews, approvals, licenses, building permits and/or other permits requested by Subdeveloper or assignee claimed to be in Default for development of those portions of the Project owned by that Subdeveloper or assignee until the Default has been cured. The County may not under this subsection withhold any such applications, reviews, approvals, licenses, building permits and/or other permits for the Master Developer or any other Subdeveloper or assignee.

11.3.3.4. Reimbursement of costs. Master Developer shall pay to the County the reasonable and actual costs, if any that the County may incur in determining whether a Default is subject to the provisions this Section 11.3.3

11.4. **Public Meeting.** Before any remedy in Section 11.3 may be imposed by the County, the party allegedly in Default shall be afforded the right to attend a public meeting before the County Commission and address the claimed Default.

11.5. **Emergency Defaults.** Anything in this ARMDA notwithstanding, if the County Commission finds on the record that a default materially impairs a compelling, countervailing interest of the County and that any delays in imposing such a default would also impair a compelling, countervailing interest of the County, then the County may impose the remedies of Section 11.3 without the requirements of Sections 11.4. The County shall give Notice to the Developer and/or any applicable Subdeveloper of any public meeting at which an emergency default is to be considered and the Developer and/or any applicable Subdeveloper shall be allowed to address the County Commission at that meeting regarding the claimed emergency Default.

11.6. **Extended Cure Period.** If any Default cannot be reasonably cured within thirty (30) days, then such cure period shall be extended so long as the defaulting Party is pursuing a cure with reasonable diligence. The burden of proof of reasonable diligence shall be on the defaulting Party.

11.7. **Default of Assignee.** A default of any obligations assumed by an assignee shall not be deemed a default of Master Developer.

12. **Dispute Resolution.** Unless otherwise provided in the ARMDA, any Dispute shall be resolved as follows.

12.1. **Meet and Confer regarding Development Application Denials.** The County and Applicant shall meet within fifteen (15) business days of any Dispute to resolve the issues specified in the Dispute.

12.2. **Mediation of Disputes.**

12.2.1. ***Issues Subject to Mediation.*** Disputes that are not subject to arbitration provided in Section 12.3 shall be mediated.

12.2.2. **Mediation Process.** If the County and Applicant are unable to resolve a Dispute that is subject to mediation, the parties shall attempt within ten (10) business days to appoint a mutually acceptable mediator with knowledge of the legal or factual issue of the Dispute. If the Parties are unable to agree on a single acceptable mediator, they shall each within ten (10) business days, appoint their own representative. These two representatives shall, between them, choose the single mediator. Applicant shall pay the fees of the chosen mediator. The chosen mediator shall within fifteen (15) business days, review the positions of the parties regarding the Dispute and promptly attempt to mediate the Dispute between the parties. If the parties are unable to reach agreement, the mediator shall notify the parties in writing of the resolution that the mediator deems appropriate. The mediator's opinion shall not be binding on the parties.

12.3. **Arbitration of Disputes.**

12.3.1. **Issues Subject to Arbitration.** Issues regarding a Dispute that are subject to resolution by scientific or technical experts such as traffic impacts, water quality impacts, pollution impacts, etc. are subject to arbitration.

12.3.2. **Mediation Required Before Arbitration.** Prior to any arbitration the parties shall first attempt mediation as specified in Section 12.2.

12.3.3. **Arbitration Process.** If the County and Applicant are unable to resolve an issue through mediation, the parties shall attempt within ten (10) business days to appoint a mutually acceptable expert in the professional discipline(s) of the Dispute. If the parties are unable to agree on a single acceptable arbitrator, they shall each, within ten (10) business days, appoint their own individual appropriate expert. These two experts shall, between them, choose the single arbitrator. Applicant shall pay the fees of the chosen arbitrator. The chosen arbitrator shall within fifteen (15) business days, review the positions of the parties regarding the arbitration issue and render a decision. The arbitrator shall ask the prevailing party to draft a proposed order for consideration and objection by the other side. Upon adoption by the arbitrator, and consideration of such objections, the arbitrator's decision shall be final and binding upon both parties. If the arbitrator determines as a part of the decision that the County's position was not only incorrect but was also maintained unreasonably and not in good faith, then the arbitrator may order the County to pay the arbitrator's fees.

12.4. **District Court.** If the Dispute is not subject to arbitration then, after exhausting the Meet and Confer and Mediation processes above the Parties may seek relief in the Second District Court.

13. **Notices.** All notices required or permitted under this Amended Development Agreement shall, in addition to other means of transmission, be given in writing by certified mail and regular mail to the following address:

15.5.2. **Recommendation.** The Planning Commission's vote on the Modification Application shall be only a recommendation and shall not have any binding or evidentiary effect on the consideration of the Modification Application by the Commission.

17. **Attorney's Fees.** In addition to any other relief, the prevailing Party in any action, whether at law, in equity or by arbitration, to enforce any provision of this ARMDA shall be entitled to its costs of action including a reasonable attorneys' fee. This shall not apply to mediation in accordance with Section 12.2.

18. **Headings.** The captions used in this ARMDA are for convenience only and are not intended to be substantive provisions or evidence of intent.

19. **No Third-Party Rights/No Joint Venture.** This ARMDA does not create a joint venture relationship, partnership or agency relationship between the County, and Master Developer. Further, the Parties do not intend this ARMDA to create any third-party beneficiary rights. The Parties acknowledge that this ARMDA refers to a private development and that the County has no interest in, responsibility for or duty to any third parties concerning any improvements to the Property unless the County has accepted the dedication of such improvements at which time all rights and responsibilities, except for warranty bond requirements under County's Vested Laws and as allowed by State law, for the dedicated public improvement shall be the County's.

20. **Assignability.** The rights and responsibilities of Master Developer under this ARMDA may be assigned in whole or in part by Master Developer with the consent of the County as provided herein.

20.1. **Sale of Lots.** Master Developer's selling or conveying lots in any approved Subdivision or Parcels to builders, users, or Subdevelopers, shall not be deemed to be an "assignment" subject to the above-referenced approval by the County unless specifically designated as such an assignment by Master Developer.

20.2. **Related Entity.** Master Developer's transfer of all or any part of the Property to any entity "related" to any Master Developer (as defined by regulations of the Internal Revenue Service), Master Developer's entry into a joint venture for the development of the Project or Master Developer's pledging of part or all of the Project as security for financing shall also not be deemed to be an "assignment" subject to the above-referenced approval by the County unless specifically designated as such an assignment by Master Developer. Master Developer shall give the County Notice of any event specified in this sub-section within ten (10) days after the event has occurred. Such Notice shall include providing the County with all necessary contact information for the newly responsible party.

20.3. **Notice.** Master Developer shall give Notice to the County of any proposed assignment and provide such information regarding the proposed assignee that the County may reasonably request in making the evaluation permitted under this Section. Such Notice shall include providing the County with all necessary contact information for the proposed assignee.

20.4. **Time for Objection.** Unless the County objects in writing within ten (10) business days of notice, the County shall be deemed to have approved of and consented to the assignment.

20.5. **Partial Assignment.** If any proposed assignment is for less than all of Master Developer's rights and responsibilities, then the assignee shall be responsible for the performance of each of the obligations contained in this ARMDA to which the assignee succeeds. Upon any such approved partial assignment, Master Developer shall be released from any future obligations as to those obligations which are assigned but shall remain responsible for the performance of any obligations that were not assigned.

20.6. **County Objection.** The County may withhold its consent only: if the County is not reasonably satisfied of the assignee's financial ability to perform the obligations of Master Developer proposed to be assigned; there is an existing breach of a development obligation owed to the County by the proposed assignee or related entity that has not either been cured or in the process of being cured in a manner acceptable to the County; the County may also deny any proposed assignment if the proposed assignee has a documented record of failing to perform on any other development projects in the County or elsewhere; or, if the provisions of Section 20.9 have not been complied with.

20.7. **Dispute Resolution.** Any dispute regarding this section shall be resolved pursuant to the Dispute Resolution Processes.

20.8. **Assignees Bound by ARMDA.** Any assignee shall consent in writing to be bound by the assigned terms and conditions of this ARMDA as a condition precedent to the effectiveness of the assignment.

20.9. **Recorded Notice.** An instrument shall be recorded specifying the material details of any assignment such as the number of acres, number of units, allocation of costs and responsibilities for any elements of the Project such as roads, parks, trails and open space, and any other material information regarding what rights and/or obligations are being assigned. The recorded instrument shall be signed by Master Developer and the assignee. The County shall also sign acknowledging that it has notice of the assignment and that the recorded instrument complies with this subsection.

21. **Binding Effect.** If Master Developer sells or conveys Parcels of lands to Subdevelopers or related parties, the lands so sold and conveyed shall bear the same rights, privileges, Intended Uses, configurations as are applicable to such Parcel and be subject to the same limitations and rights of the County as when owned by Master Developer and as set forth in this ARMDA without any required approval, review, or consent by the County except as otherwise provided herein. Except as otherwise stated in this ARMDA, such Subdevelopers and related parties shall be subject to the same obligations as Master Developer would be if the sale or conveyance had not occurred.

22. **No Waiver.** No waiver of any of the terms of this Agreement shall be valid unless in writing and expressly designated as such. Any forbearance or delay on the part of either party in enforcing any of its rights as set forth in this Agreement shall not be construed as a waiver of such right for such occurrence or any other occurrence. Any waiver by either party of any breach of any kind or character whatsoever by the other shall not be construed as a continuing waiver of, or consent to any subsequent breach of this Agreement.

23. **Further Documentation.** This ARMDA is entered into by the Parties with the recognition and anticipation that subsequent agreements implementing and carrying out the provisions of this ARMDA may be necessary. The Parties shall negotiate in good faith with respect to all such future agreements.

24. **Severability.** If any provision of this ARMDA is held by a court of competent jurisdiction to be invalid for any reason, the Parties consider and intend that this ARMDA shall be deemed amended to the extent necessary to make it consistent with such decision and the balance of this ARMDA shall remain in full force and affect.

25. **Force Majeure.** Any prevention, delay or stoppage of the performance of any obligation under this Agreement which is due to strikes, labor disputes, inability to obtain labor, materials, equipment or reasonable substitutes therefor; acts of nature, governmental restrictions, regulations or controls, judicial orders, enemy or hostile government actions, wars, civil commotions, fires or other casualties or other causes beyond the reasonable control of the Party obligated to perform hereunder shall excuse performance of the obligation by that Party for a period equal to the duration of that prevention, delay or stoppage.

26. **Time is of the Essence.** Time is of the essence to this ARMDA, and every right or responsibility shall be performed within the times specified.

27. **Appointment of Representatives.** To further the commitment of the parties to cooperate in the implementation of this ARMDA, the County and Master Developer each shall designate and appoint a representative to act as a liaison between the County and its various departments and Master Developer. The initial representative for the County shall be the Planning Division Director. The initial representative for Master Developer shall be Lewis Homes, Inc. The Parties may change their designated representatives by Notice. The representatives shall be available at all reasonable times to discuss and review the performance of the Parties to this ARMDA and the development of the Project.

29. **Mutual Drafting.** Each party has participated in negotiating and drafting this ARMDA and therefore no provision of this ARMDA shall be construed for or against either party based on which party drafted any particular portion of this ARMDA.

30. **Applicable Law.** This ARMDA is entered into in Weber County in the State of Utah and shall be construed in accordance with the laws of the State of Utah irrespective of Utah's choice of law rules.

33. **Conflicts.** The County's Vested Laws shall apply to each Development Application except as the County's Vested Laws are expressly modified by this ARMDA (including any written provision in all exhibits thereto). For any conflict between Exhibits B – E and this ARMDA, this ARMDA shall prevail. For any conflict between Exhibits B – E and each other, the most restrictive for Master Developer shall apply. The Parties agree that the graphic depiction of the Project provided in Exhibits B – E are conceptual in nature designed to illustrate the general layout and configuration of the Project's streets, clusters of lots, trails, open spaces, and other amenities to which Master Developer shall be entitled. By nature of being conceptual, these exhibits may not show all specifics necessary for the Project to comply with all County's Vested Laws, which shall not be interpreted to be an exception to County's Vested Laws.

34. **Recordation and Running with the Land.** This ARMDA shall be recorded in the chain of title for the Property. This ARMDA shall be deemed to run with the land.

35. **Enforcement.** The Parties agree that a violation of this agreement constitutes a violation of the County's Vested Laws and the County shall have all enforcement remedies therein at its disposal; and that a violation of the County's Vested Laws constitutes a violation of this agreement and the County shall have all enforcement remedies herein at its disposal.

### Minimum Standards for Mass Grading and Materials Processing

Mass grading and materials processing are permitted uses requiring a land use permit provided compliance with the

following minimum standards and regulations. Otherwise, both shall require a conditional use permit. Violation of a land use permit issued under these provisions constitutes a violation of this agreement. "The work" as used in the following means mass grading or materials processing.

- *Application Submittal Requirements:*
  - Grading and drainage plans, illustrating existing topography and the proposed pre-development rough topography using no greater than two-foot topographic contours.
    - The plan shall show the dirt and mud knock off area and vehicle wash facility, as further described below.
  - Dust mitigation plan.
  - Revegetation plan and financial assurance necessary to execute the revegetation plan.
  - A means of ensuring that Highway 158's pathway remains open and passable to the minimum standards of the Americans with Disabilities Act throughout the duration of the work.
- *Approval Standards*

  - The dust mitigation plan shall be implemented. The dust mitigation shall be in accordance with best practices and, at a minimum, provide for the following:
    - Water truck or other reasonably simple means of ground-surface moistening.
    - Routine watering schedule.
    - A commitment to control airborne dust from the site immediately after gaining knowledge of it.
    - Ground coverings of disturbed areas or other reasonable means of keeping dust from becoming airborne.
  - There shall be a dirt and mud knock off area where vehicles will be exiting the site along with a vehicle wash facility. All vehicles must be sprayed down before entering a public ROW.
  - Applicant or operator shall take all precautions necessary to minimize dirt and mud from being tracked onto the public right-of-way. If dirt or mud is tracked onto the public right-of-way, the applicant or operator shall clean off the roadway immediately after gaining knowledge of it. If this requires specialty equipment or vehicles, such as a street sweeper, applicant or operator shall have such equipment or vehicles on standby within three miles of the site to help facilitate immediate cleanup.
  - Noxious weeds shall be removed from the site prior to any significant grading work, and the site shall remain free of noxious weeds throughout the work.
  - Hours of operation shall be limited to 8AM to 6PM, Monday through Saturday.
  - A 6-foot berm shall be placed around the perimeter of the processing site.
  - All reasonable means of noise dampening shall be employed to ensure that sound levels from the work do not exceed 70 decibels when measured from within 100 feet of an adjacent dwelling. Between the hours of 11:00AM and 4:00 PM, decibels may be no more than 75 decibels.
  - Haul trucks leaving the site shall be limited to no more than seven per hour.
  - Before any processed material leaves the site, any public rights-of-way to be used for transportation shall be videoed and submitted to the County for storage. All material wear and tear that did not exist at the commencement of the work, as clearly evidenced in the video, and that is not related to other typical traffic from the area, shall be promptly repaired by Master Developer either at the conclusion of the operations, or at any time requested by the County due to excessive damage, and before any financial assurance collected for the work or for the development is released.
  - The on-site processing shall be allowed for a period of up to ninety (90) days which shall be automatically extended for another 90 days if Master Developer is not in default of the MDA including these specific requirements.
  - At the completion of the work, all areas of disturbed earth that is not a part of the Project's improvements shall be hydroseeded with a native grassy seed mix covered with straw mats in accordance with best practices.
