Vehicle Plan (Traffic Control)

Vehicle Plan (Traffic Control)

All vehicles supporting cyclists or otherwise participating in the event are to obey all traffic laws and specifically should not speed or drive in any other dangerous manner in order to catch up to or support cyclists. Roads are not closed and vehicles do not have any special privileges they would otherwise have while participating in the event. Be safe and use common sense.

All vehicles are required to park in designated locations at the start, finish, and exchanges. These locations are identified in the maps.

Vehicle appearance and driving patterns must not distract other drivers or cause any nuisance to others.

Support vehicles are able to pull completely off the side of the road to cheer on cyclists or offer aid. However, in doing so, they are not permitted to disturb the normal flow of traffic.

Support vehicles are to clearly display the CAUTION BIKE RACE poster in the rear window so it is visible to other motorists.

Support vehicles are to follow the same route as the cyclists with the exception of old snow Basin road. Support vehicles will use Trappers loop.
