

DRAFT - Subject: Powder Mountain Emergency Evacuation Plan

As Powder Mountain continues to build-out the DRR-1 master plan, ensuring the safety of all individuals on the mountain during an evacuation situation is essential. The attached emergency evacuation plan outlines clear routes for ingress and egress and assembly points (for refuge). This plan will be regularly reviewed and updated as new conditions develop.

This emergency evacuation plan will be distributed to our operations teams, property owners, and the HOA. Operations and HOA teams will have access to the map online and post hard copy versions in highly visible exit/entry employee locations.

The resort monitors winter weather alerts and forecasts to be prepared for severe storms. The Resort team can initiate appropriate emergency responses and provide guests with clear directions during an emergency. In the event of an impending significant weather event, the resort can communicate with guests and property owners to provide information, guidance, and recommended safety measures. Clear and timely communication will ensure that everyone is well-informed and prepared. Depending on the nature of the significant weather or other emergency event, the resort may implement shelter-in-place protocols or evacuate guests to designated safe areas. Our resort-wide comprehensive plans ensure that all on mountain individuals are moved to secure locations if necessary.
