## NARRATIVE

This survey and subdivision plat were requested by David Orchard for the purpose of subdividing this parcel to create a building parcel from an existing agricultural parcel.

A Brass Cap Monument was found at the Southwest corner of Section 14, T6N, R1E, SLB&M.

Multiple Rebar with Caps and wooden hubs with Tacks were found around the perimeter of the property. The locations of these property markers were checked against a Record of Survey prepared by Construction and Land Surveyors for Barbara Anderson, and were honored.

A line bearing North 0°03'31" West between the Southwest corner of Section 14 and the rebar at the Northwest corner of the property was used as the basis of bearings.

Property corners were monumented as depicted on this plat.
