			Actual Start Date	

**Submittal Checklist**

The application shall include a Storm Water Pollution Prevention Plan which meets the criteria set forth in Section 33-3-4 of the county ordinances.

The applicant shall file the application on or before the following dates:

**Subdivision:** The date that the applicant submits the preliminary subdivision development plat application.  
**Site Plan:** The date that the applicant submits a site plan application or amended site plan.  
**Building Permit:** The date that the applicant submits a building permit application if the applicant proposes to construct a building on an existing lot or parcel.  
**Land Use Permit:** The date that the applicant submits a land use permit application.  
**Other:** At least two (2) weeks before the developer intends to perform any type of work not listed above that would require a Storm Water Construction Activity Permit pursuant to this Chapter.

Failure to acquire a required Storm Water Construction Activity Permit is grounds for tabling a related subdivision application, site plan application, conditional use permit application, or building permit application. It is unlawful to commence work (move dirt) on a development site before obtaining a required Storm Water Construction Activity Permit.

Note: A pre-costruction meeting is required before performing any on-site earth work, unless waived by the county engineer.

**Applicant Narrative**

Please explain your request.

*Enlarge existing detention basin as agreed upon in consultation with Silver Peak engineers and county engineer.*

**Authorization**

By signing below the Owner / Representative authorizes the county to enter the property to perform inspections.

Owner or Authorized Representative Signature <i>J. Rud Mackay</i>	Date <i>20 Nov. 2015</i>
Signature of Approval	Date
