Nathan Boswell
4075 N 4200 E
Liberty, Utah 84310

Dear Mr. Boswell,

Thank you for explaining to the Liberty Pipeline Company Board of Directors the requirement Weber County has placed on you relative to the latest plat and the number of building lots in the Aspen Falls Cluster Subdivision. Liberty Pipeline Company finds the plan for 9 building lots as acceptable as the plan for 10 building lots.

Neither you nor Weber County may construe this letter as either a will-serve commitment or a development agreement. Such a document will be prepared by our legal counsel, negotiated, and signed by both the Liberty Pipeline President and the Aspen Falls Cluster Subdivision Owners.

Fen Hollist
Vice President
Liberty Pipeline Company
