Request: 6161923

Dear Mr. Barrow:

Rocky Mountain Power will supply power to property located at or near 7110 W 900 S, Ogden, UT with the following provisions:

- Applicant will apply for power by calling 1-888-221-7070
- Applicant or Developer will supply a signed, approved recorded property plat map with lot numbers, addresses, and section corners identified if applicable.
- Residential and Commercial Developer will supply an electronic copy of the subdivision by e-mail, (Auto-cad version 2011), to the estimator assigned to the project.
- Residential Subdivision Developer will pay all costs which are non-refundable above the \$750.00 per lot allowance according to line extension tariff, regulation 12.
- All single lot applicants will be subject to the line extension rules and regulation 12.
- Applicant is responsible to sign a contract after job is approved by Rocky Mountain Power management, and pay any associated costs before work can be scheduled or materials ordered.
- Rocky Mountain Power engineering review may be required and may be subject to additional charges according to our filed line extension tariff, regulation 12.

If you have any questions regarding these provisions, please feel free to call me at 801-629-4428.

Respectfully,

Ellen Anderson
Journeyman Estimator
Rocky Mountain Power
Ogden Operations

JUSTIN BARROW

Dear Justin:

Re: Natural Gas Service Availability Letter

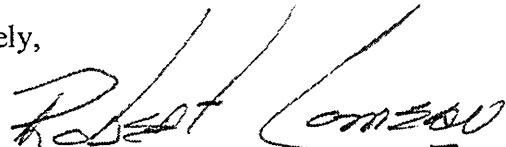

Natural gas can be made available to serve the VAQUERO development when the following requirements are met:

1. Developer provides plat maps, drawings, construction schedules, average size of homes, units, and/or buildings that will be served by natural gas, and any and all other relevant information regarding commercial and residential uses, including but no limited to, proposed natural gas appliances (number and type of appliances per unit, homes, building).
2. Review and analysis by Questar Gas' Engineering and/or Pre-Construction Department to determine load requirements. System reinforcement requirements and estimated costs to bring natural gas to the development.
3. Address & street names

Upon completion of Questar Gas' review of the development's natural gas requirements, agreements will be prepared, as necessary, for high pressure, intermediate high pressure and/or service line extensions required to serve the development. These service extensions must be paid in advance.

To accommodate your construction schedule and provide cost estimates to you, please contact me at your earliest convenience.

Sincerely,

A handwritten signature in black ink, appearing to read "Robert Comeau". The signature is written in a cursive, somewhat stylized font.
