**RE: Easement Vacation For Lot 27 Allen Estates Phase 2**

Mr. Hatfield,

This letter concerns the above referenced Development and addresses sewer and storm water. I have reviewed the proposed easement vacation request and have the following comments:

1. There are no concerns from the Engineering Dept. Concerning the vacation of the easement at the sides or the rear of the lot. All the ground slopes to lot 30, and if there were any issues we could take the water down the property line between lots 30&29 or one of the other easements.

NOTE: I have tried to address all items of concern from this department. However, this review does not preclude other items of concern that may come to this departments attention during additional reviews or during the construction of this development

If you have any comments or questions concerning this letter, please feel free to contact me at any time.

Sincerely,

Chad Meyerhoffer,
