The DMF Huntsville Art and Ecology Center will be a working farm consisting of expansive gardens, chicken coops, beehives, a variety of animals (cows, pigs, goats, etc.), greenhouses and full nursery stock (trees & perennial plants).

We plan to have a Harvest Market/stand to sell local products and produce from the gardens as well as products from the local Weber County Farms.

In the future we plan on building a permanent farm house for owners and guests.

During the growing season we would have 3-5 interns (woofers) working on the farm and helping teach classes from April to October.
