SURVEYOR'S CERTIFICATE

I, Andy Hubbard, do hereby certify that I am a Professional Land Surveyor in the State of Utah, and that I hold Certificate No. 6242920 in accordance with Title 58, Chapter 22, of the Professional Engineers and Land Surveyors Licensing Act. I also certify that I have completed a survey of the property described herein in accordance with Section 17-23-17 and that I have verified all measurements shown hereon this plat of Old Town Eden Condominiums, in Eden, Weber County, Utah and that it has been correctly drawn to the designated scale and is a true and correct representation of the following description of lands included in said subdivision, based on data compiled from records in the Weber County Recorder's Office. Monuments have been found or placed as represented on this plat. I furthermore certify that all lots within this Subdivision hereby meet all current lot width and area requirements of the Weber County Zoning Ordinance.

Signed this _____ day of _____, 2017.

NARRATIVE

This survey was requested by Mr Ben Toone for the purpose of preparing a Condominium Plat on the subject property. A line bearing S 89°15'29" E between the Southwest corner and the Southeast corner of the Southwest Quarter of Section 35, T7N, R1E, SLB&M Was used as the Basis of bearings.

Right of way plans for SR-166 (5500 East) were acquired from UDOT Region 1 for Project S-242(1). Sheet 3 shows the pertinent information to locate the right of way.

A Right of way marker was found on the West side of 5500 East Street, and was used to aide in the positioning of the right of way in a East-west direction.

Using the information shown on the plans ties to Existing structures were checked and found to be in tolerance. Angular information was also checked on the plan and was found to generally conform to the plan information, once the location for 5500 East Street was established.

A strong metallic signal under asphalt paving was found on the East side of the right of way perpendicular to the found monument on the West side. The Property owner mentioned he remembered a monument at that location but that it had been paved over a few years ago.

A right of way monument was also found at the Northwest corner of the intersection of 2200 North and 5500 East Streets, but it did not fit nor check with the established location of the right of way or occupation of 5500 East Street.

The North line of the property was established as established along an old fence line maintained as the South line of the adjoining property.

The East line of the property was established adjacent to the West line of line of E.P. Subdivision.

The South line of the Property was established along the North line of 2200 North Street. The Centerline of 2200 North Street was established from information provided by the Weber County Surveyor's Office, which is based on the Original Eden Township deeds and conveyances. Once Offset the North right of way line generally fits the location shown on a record of survey drawing for Gale Armstrong, performed by Mountainwest Professional Land Surveyors dated 5/26/1992, filed September 22, 1992 as Survey #0764.
