Re: Licensure of a Residential School in Ogden Valley

To Whom it may concern:

Regarding information on the licensure of a Residential School facility in the Eden/Huntsville area of Ogden Valley, may I provide you with the following:

Utah Code 62A-2 requires the Department of Human Services Office of Licensing to license residential school programs that are able to demonstrate compliance with the rules and regulations outlined in Utah Administrative Code R501 Human Service Licensing Rules, and other applicable local, state, and federal laws.

The role of the DHS Office of Licensing is to monitor and review the licensee program/facility for continued compliance to these laws and regulations throughout the licensure period. It is not the role of DHS Office of Licensing to supervise the clients that reside in licensed programs. This is the responsibility of the parent, custodian or guardian of the client. In the case of children who are in the custody of the State, the Division having custody is responsible to provide any required supervision. This is generally handled by an assigned case worker or case manager.

I hope this letter answers your questions. Should you desire further information, please feel free to contact me.

Sincerely,

A handwritten signature in blue ink, reading "Ken Stettler".

Ken Stettler
Director
