Submittal Checklist

The application shall include a Storm Water Pollution Prevention Plan which meets the criteria set forth in Section 33-3-4 of the county ordinances.
(See SWPPP Details ON Plot Plan submitted with Building Permit & Full set of plans.)

The applicant shall file the application on or before the following dates:
Oct 7, 2016 - already approved

Subdivision: The date that the applicant submits the preliminary subdivision development plat application.
Oct 7, 2016

Site Plan: The date that the applicant submits a site plan application or amended site plan.
Oct 7, 2016

Building Permit: The date that the applicant submits a building permit application if the applicant proposes to construct a building on an existing lot or parcel.
Oct 7, 2016

Land Use Permit: The date that the applicant submits a land use permit application.

Other: At least two (2) weeks before the developer intends to perform any type of work not listed above that would require a Storm Water Construction Activity Permit pursuant to this Chapter.

Failure to acquire a required Storm Water Construction Activity Permit is grounds for tabling a related subdivision application, site plan application, conditional use permit application, or building permit application. It is unlawful to commence work (move dirt) on a development site before obtaining a required Storm Water Construction Activity Permit.

Note: A pre-construction meeting is required before performing any on-site earth work, unless waived by the county engineer.

Applicant Narrative

Please explain your request.
I would like to get started building my garage and remodel my cabin as soon as the building plans are approved. Whatever I need to do to accomplish this I am willing to do (SWPPP, ECT, ETC)
