Hello, Christy,

Per your request, the application has been closed and a refund will be issued. I am not sure about a timeline for receiving the refund, but let me know if you don't see a check within a month or so. Feel free to call me with any questions.

Best,

Hi this is Christy Swartz, we out the surveyer on hold. If the county is requiring us to do a 66 ft right of way because our road would become a main intersection in the future for future development of hundreds of homes. We are no longer interested in this property. We did not plan on buying property that will separate half of our homes and will become a 5 lane intersection with lots of traffic. To me it seems like Weber county has plans on linking 4700 west and 5100 west with our projected road. We are extremely frustrated with all the hang up and problems that we have run into with Weber County. We can't get straight answers to our questions and we have put 4 months into this project to not get anywhere. I feel Weber County should refund our \$225 for the application and we will look elsewhere.
