		Estimated Start Date June 2017	Actual Start Date

Submittal Checklist

The application shall include a Storm Water Pollution Prevention Plan which meets the criteria set forth in Section 33-3-4 of the county ordinances.

The applicant shall file the application on or before the following dates:

Subdivision: The date that the applicant submits the preliminary subdivision development plat application.
Site Plan: The date that the applicant submits a site plan application or amended site plan.
Building Permit: The date that the applicant submits a building permit application if the applicant proposes to construct a building on an existing lot or parcel.
Land Use Permit: The date that the applicant submits a land use permit application.
Other: At least two (2) weeks before the developer intends to perform any type of work not listed above that would require a Storm Water Construction Activity Permit pursuant to this Chapter.

Failure to acquire a required Storm Water Construction Activity Permit is grounds for tabling a related subdivision application, site plan application, conditional use permit application, or building permit application. It is unlawful to commence work (move dirt) on a development site before obtaining a required Storm Water Construction Activity Permit.

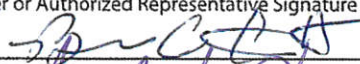

Note: A pre-construction meeting is required before performing any on-site earth work, unless waived by the county engineer.

Applicant Narrative

Please explain your request.
 Will install silt fence down hill of cabin construction site.

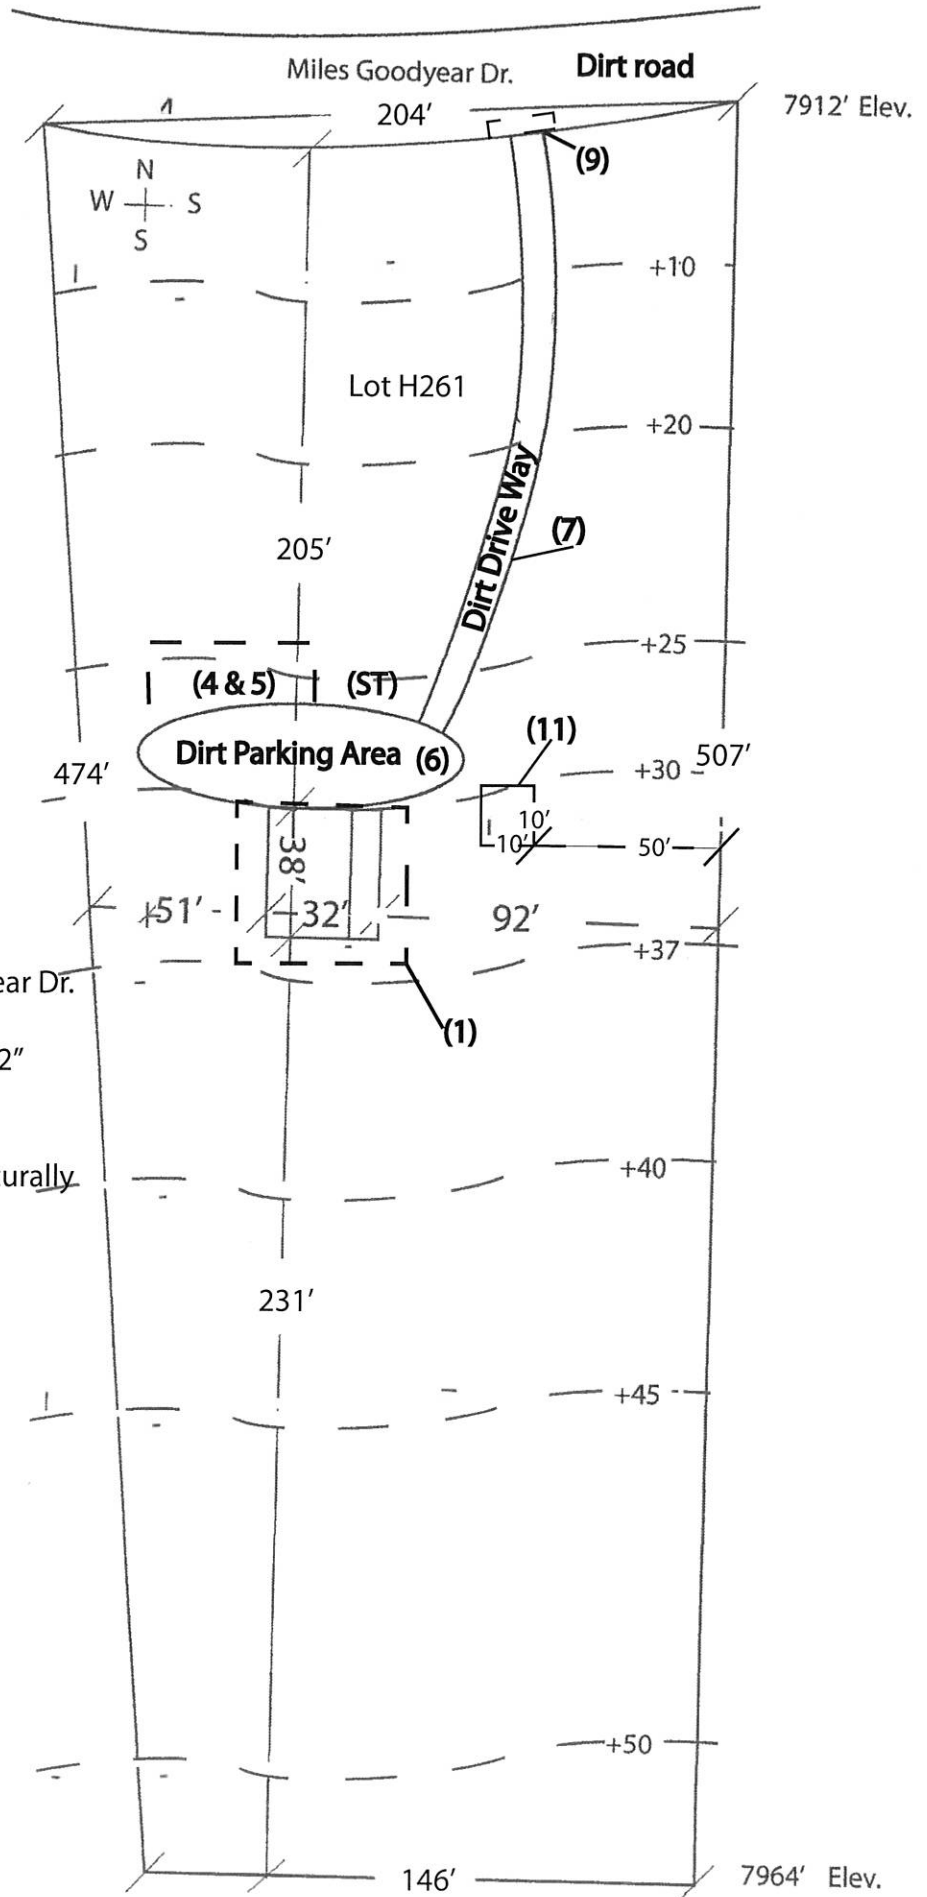

Authorization

By signing below the Owner / Representative authorizes the county to enter the property to perform inspections.

Owner or Authorized Representative Signature 	Date 3-28-17
Signature of Approval 	Date 3-31-17

SWPPP Plan

1. 32' x 42 x 4' will be excavated at front and 7' deep in back of cabin site.
2. Abbott-Clark Const. will be the General Contractor for the project.
3. Lot is 2 acres. Neighbors are the same. Close neighbors are lots with no cabins. Only camping lots as of now.
4. Excavated material will be used on the site to add to parking area.
5. Concrete washout will be in excavated basement.
6. Travel trailer will be located on the lot and hooked to the septic system (ST).
7. Dirt road already exists.
8. No asphalt road within 9 miles.
9. There is a ditch running along Miles Goodyear Dr. at the beginning of the driveway. There is a 10" heavy PV pipe under the approach with 12" of dirt over the PV pipe.
10. Heavy forest cover and a gradual slope naturally takes care of any rain or storm water.
11. 10' x 10' shed
