Steve,

It appears that the applicant is increasing the facility size by more than 20%. By doing that the applicant has triggered the Administrative Rule R930-6-8, which requires them to start the process of applying for an access to the state facility. They will need to schedule a pre-application meeting with the UDOT Region One Permits department. They will need to contact Jay Genereux to schedule an appointment. His contact information is listed below.

Rodger (Jay) Genereux | *Region Right-of-Way Control Coordinator*
UDOT Region One HQ | 166 West Southwell Street Ogden, UT 84404

Thank You,

John,

I have attached the site plan for the proposed storage unit facility expansion located along Hwy 39 in Huntsville. Will you please respond with the UDOT requirements for something like this so that the applicant can get in touch with your office.

Thanks,

Steve Burton
