Hi Steve,

I am getting back to you regarding the textures and colors of the pump house at the Valley View Camp. See below for a description of the colors and rendering of the building from the Tuff Shed website. Also, see attached for a picture of a previous pump house that we constructed, which will give you an idea of the texture of the paneling. Let me know if you have any questions or comments, and if this looks okay to you.

Thanks.

Subject: Valley View - Pump House Color and Finish

Jason,

For the pump house at Valley View Girls Camp, we will be constructing a Tuff Shed with the following color and finish:

Finish: OSB Wood Siding, vertical slats, and pressed with wood frame finish.
Color: Shingles – Brownwood Dimensional
Siding – Warm Up
Trim – Cocoa Cream

Thanks,

Trevor Price, P.E.
