Hello Eric,

I have attached the CUP application for you to complete and return. I have also verified that the application fee will amount to \$500.00.

As we discussed, we will get your application to the Planning Commission ASAP. A time frame from the time of application to the time of being placed on the Planning Commission agenda is typically 45 days. There is a good possibility that the 24th of October is a realistic date.

If you have any further questions please call or email.

Felix Lleverino
