

Project: CTM Subdivision

Department Response: Weber County Engineering Division

Created: July 2nd 2012

1. See attached contour map.
2. Developer will be deferring curb, gutter, and sidewalk. Forms will be filed and signed with the county upon signing.
3. A sub-standard road agreement will be signed with the county at signing.
4. See attached map for road alignment.
5. Ditch will be piped. Curb and gutter deferred.
6. Easements have been given for the existing ditches.
7. As the sub-standard road agreement will be signed this will not apply.
8. Excavation permits will be obtained.
9. Improvements will all be completed asap.
10. A SWPP activity permit is in the process of being obtained.
11. See the attached SWPP plan.

It still looks like the road goes through lot 1.
