Property Information					
Project Name CAMP. SHAWNEE	PAVILION	Total Acreage 37.03	Current Zoning AV 3		
Approximate Address 5100 N. 3300 E. EDEN, UT 84310		Land Serial Number(s) /60050008			
Proposed Use PICNIC P	AVILION				
Project Narrative Camp Shawnee is u	sed principally as a girls' can	to the course of the control of the			

basketball court located toward the northwest side of the property that is in disrepair with broken basketball standards and a cracked concrete slab. It is at this location where a new pavilion is planned to replace the old basketball court.

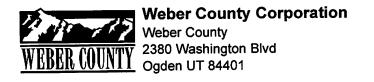

The footprint of the new pavilion, 75'-6" x 32'-0", is very similar to the size of the current basketball court. It will include 1880 sf of open area which will be filled with picnic tables, and 390 sf of enclosed storage/mechanical/electrical space. The pavilion will be constructed of steel members with a standing-seam metal roof. The storage space will have colored CMU walls. The design will essentially be a repeat of the pavilion constructed at nearby Camp Liberty in 2014.

The pavilion will have hot water and two wash sinks; we have therefore been working with the Weber/Morgan Health Department for approval of the septic system design. Water will come from a recently installed culinary water system and power will be trenched across an open field from the existing restroom/shower building.

Basis for Issuance of Conditional Use Permit					
Reasonably anticipated detrimental effects of a proposed conditional use can be substantially mitigated by the proposal or by the imposition of reasonable conditions to achieve compliance with applicable standards. Examples of potential negative impacts are odor, vibration, light, dust, smoke, or noise.					
That the proposed use will comply with the regulations and conditions specified in the Zoning Ordinance and other applicable agency standards for such use.					

....
