

**TAYLOR WEST WEBER WATER IMPROVEMENT DISTRICT**

2815 West 3300 South  
West Haven Utah

Oct 1 2012

To: Weber County Planning

Subject: Larkin Place Subdivision

Taylor West Weber Water District is in the process of planning and doing a upgrade to water line in this area. The line will be up sized and fire hydrants added.

I have talked to the fire marshal and he is ok with Larkin place not installing a fire hydrant at this time as it would be a waste. Any question on this, Ted said you can call him.

Any question please call me
