

Hold The Pass

To the residents of Wheeler Canyon and the surrounding area,

We are writing this letter to inform you that later this month, February 24-26, we will be filming part of a short film entitled "Hold The Pass." On those days, we are scheduled to work approximately 0.5 mi up the trail from the entrance, operating between 6 am-7pm for all three days.

During the day, there will be a number of vehicles, including an RV, trucks and snowmobiles, parked off of the entrance to the trail of Wheeler Canyon (see the image below). Be assured that we will not be interrupting traffic and business as much as possible, avoiding inconvenience to the neighborhood.

If you have any questions or concerns please contact us at your convenience.

Thanks,

Graham Beckstead
