Subdivision Application

This Subdivision application identifies submittal requirements and processes for subdividing land in the unincorporated lands of Weber County.

While the Planning Division staff distributes copies of your application to County agencies and other applicable utility agencies responsible for reviewing your application, the applicant is responsible for following up with them if they need additional information.

- A pre-application meeting with the applicant and the appropriate staff is required prior to application submittal; please call (801) 399-8791 to make an appointment.

Date of pre-application review meeting: _____ Time: _____

Staff member assigned to process application: _____

APPLICATION DEADLINE: Thirty (30) days prior to the applicable Planning Commission meeting

The Western Weber County Township Planning Commission holds their meetings on the 2nd Tuesday of the month.

The Ogden Valley Township Planning Commission holds their meetings on the 4th Tuesdays of the month.

Subdivisions will only be placed on a Planning Commission agenda upon receipt of reviewing agency recommendations including the County Engineer's Office and the Weber County Fire District.

This application is subject to all applicable Weber County Zoning and Subdivision Ordinances. It is important that the applicant read and understand the ordinances to prevent delays in the approval of their subdivision.

Process

The Planning Division will only accept complete applications with supporting documents as outlined below. Submitting an application does not guarantee that this application will be placed on the next Planning Commission agenda. The following steps/timeline/process tracks your application:

- Complete Application Form
- Staff determination that the application is complete
- Referral agencies are requested to review submittal
- Applicant coordinates as needed with reviewing agencies
- Staff report is drafted and a copy given to applicant
- Application placed on an upcoming agenda by staff
- Planning Commission meeting scheduled Date: _____

Fee Schedule

A subdivider proposing a subdivision in the unincorporated territory of Weber County shall deposit with the County non-refundable fee for planning, surveying and engineering subdivision review processing and improvement inspection at the time of submission of the preliminary plan to help defray the review costs incurred by the County. All of these fees shall be in accordance with the fee schedule listed below:

Planning/Surveying/Engineering - First Review

Lots	Planning Processing Fee	Surveying Review Fee	Engineering Review Fee
1-4	\$150 + \$25 per lot/unit	\$150 + \$25 per lot/unit	\$150 + \$25 per lot/unit[*]
5+	\$250 + \$20 per lot/unit	\$400 + \$20 per lot/unit	\$150 + \$50 per lot/unit

Notes:

* \$150 + \$50 per lot/unit where the lots/units have improvements

Planning/Surveying/Engineering - Subdivision Change Fees

Changes	Planning Processing Fee	Surveying Review Fee	Engineering Review Fee
Each	\$125	\$125	\$125

Time Extensions require the Subdivision Fees for Planning, Engineering, and Surveying to be repaid.

Subdivision Extension

A onetime, one-year extension of final approval can be granted by the Planning Commission for \$300. An eighteen-month extension of preliminary approval may be granted by the Planning Director after repayment of subdivision fees. Please see the Weber County Subdivision Ordinance for details.

First Determination

Is this a minor subdivision meeting the following definition as found in the Weber County Subdivision Ordinance 26-1-3.20:

“Small Subdivision”:

- a. A subdivision consisting of three (3) or fewer lots and for which no streets will be created or realigned.
- b. An amended subdivision consisting of five (5) or fewer lots and for which no streets will be created or realigned.
- c. A subdivision phase consisting of five (5) or fewer lots which has a valid preliminary approval and meets all conditions of that preliminary approval, including proposed street layouts.

If YES, skip to [Section 2](#) of this checklist (Page 3). If NO, complete Sections 1 & 2

The following is required for application form submittal:

For Your Information

26-1-7 Subdivision Time Limitations.

(A) Time Limitation for Preliminary Approval. Subdivision applications that have not received preliminary approval within 18 months from the date of submittal shall be void. Subdivisions that have received preliminary plan approval shall have eighteen (18) months from the date of the preliminary approval by the Planning Commission to receive a recommendation for final approval of the subdivision, or the first phase.

The Planning Director upon repayment of the subdivision application fees and the plan being brought into compliance with County ordinances, and State and Federal laws current at the time of the extension may grant an extension of preliminary approval for an additional time of up to eighteen (18) months. The extension request shall be submitted, and approved prior to the expiration of the original approval period. Only two time extensions for preliminary plan/plat extension will be granted. The Planning Director shall deny any requested time extension beyond the two that are based on financial, economic, or self-imposed hardship.

The extension request shall be submitted and approved prior to the expiration of the original approval period.

(B) Time Limitation for Final Approval. A final subdivision plat or a phase of a subdivision that receives a recommendation for final approval from the Planning Commission shall be offered to the County Commission for final approval and recording within one (1) year from the date of the Planning Commission's recommendation for final approval. After one (1) year from that date, the plat shall have no validity. Subdivisions with multiple phases must record a new phase within one year from the date of the previous phase being recorded until the subdivision is completed or the plat shall have no validity. The Planning Director may grant a onetime extension for final subdivision approval for a maximum of one (1) year. A multiple phase subdivision may receive only one time extension, not one time extension per phase. An additional time extension may be granted if the hardship is determined to be a county cause delay.

(C) Any subdivision that has received preliminary or final approval, including a subdivision with multiple phases in which all of the phases have received preliminary approval, but has become non-conforming in any manner due to changes in applicable ordinances shall be allowed to retain the density which it was approved provided that the originally approved phasing plan is followed and the time limitations for preliminary and final approval are met.

RE: Eagle Subdivision, 1 Lot
Approx 700 S. 8600 E.
Parcel #21-026-0017

Gentlemen:

The plans and supporting information for the above-referenced subdivision have been reviewed.

Culinary water will be provided by a private well. The placement of the well is critical so as to provide the required 100 foot protection zone. The well will need to be dug, tested and the water supply approved prior to issuance of a wastewater disposal permit.

Soil characteristics, percolation rates of 30 MPI, and anticipated ground water tables not to exceed 48 inches, fall within the range of acceptability for the utilization of a Conventional Wastewater Disposal System as a means of wastewater disposal. Maximum trench depth is limited to 18 inches.

Plans for the construction of any wastewater disposal system are to be prepared by a Utah State certified individual and submitted to this office for review prior to the issuance of a Wastewater Disposal permit.

All subdivision plats submitted for review are to show the location of exploration pits and percolation tests as well as the documented soil horizons and percolation rates. Mylars submitted for signature without this information will be returned.

Each on-site individual wastewater disposal system must be installed in accordance with R317-501 through R317-513, Utah Administrative Code, Individual Wastewater Disposal Systems and Weber-Morgan District Health Department Rules. Final approval will be given only after an on-site inspection of the completed project and prior to the accomplishment of any backfilling.

Please be advised that the conditions of this letter are valid for a period of 18 months. At that time the site will be re-evaluated in relation to rules in effect at that time.

Sincerely,

Summer Day, LEHS
Environmental Health Division
