Report Reviewer: RS

Applicable Ordinances

- Weber County Land Use Code Title 106 (Subdivisions)
- Weber County Land Use Code Title 104 (Zones) Chapter 14 (FV-3 Zone)

Type of Decision

- **Administrative Decisions:** When the Planning Commission is acting as a land use authority, it is acting in an administrative capacity and has much less discretion. Examples of administrative applications are design reviews, flag lots, and subdivisions. Administrative applications must be approved by the Planning Commission if the application demonstrates compliance with the approval criteria.

Background

The applicant is requesting final approval of Steve Rich Subdivision consisting of one lot, located at approximately 4500 North 2900 East in the FV-3 Zone. The subdivision meets the area and lot width requirements of the FV-3 Zone. The 3.105 acre subdivision will create one buildable lot. Due to some slopes on the property, some care in review is being done by the Engineering Division in establishing a buildable area at the base of the hill.

Culinary water service is provided by Liberty Pipeline, and a private septic system will be used for waste. A fire district review is still needed and whether a hydrant is required will be determined. All review agency requirements must be addressed and completed prior to this subdivision being recorded.

Summary of Administrative Considerations

- Does this subdivision meet the requirements of the Weber County Subdivision and Zoning Ordinances?

The Weber County Land Use Code Title 106 (Subdivisions) defines "small subdivision" as "A subdivision consisting of three (3) or fewer lots and for which no streets will be created or realigned." This subdivision consists of only one lot and no streets are being created or realigned. The Land Use Code (Subdivisions) also states "With the exception of small

subdivisions, the preliminary plan/plat including the phasing plan shall be presented to the Land Use Authority, in this section Planning Commission, for their determination, based upon compliance with applicable ordinances.” Based on these requirements, this subdivision qualifies for administrative approval as a small subdivision.

Conformance to the General Plan

Subdivisions that meet the requirements of applicable County Ordinances conform to the General Plan. This subdivision addresses water, wastewater, roads, and other issues which are discussed in the General Plan.

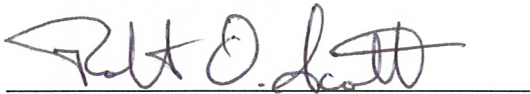

Conditions of Approval

- Requirements of the Weber County Engineering Division
- Requirements of the Weber-Morgan Health Department
- Requirements of the Weber Fire District

Administrative Approval

Administrative final approval of Steve Rich Subdivision is hereby granted based upon its compliance with the Weber County Land Use Code. This approval is subject to the requirements of applicable review agencies and the conditions of approval listed in this staff report.

Date of Administrative Approval: Wednesday, July 31, 2013

Robert O. Scott
Weber County Planning Director
