Weber County Technical Committee
NOTICE OF DECISION

April 8, 2021

Julie Panushka
437 N 9000 E
Huntsville, UT 84317

Case No.: BOA 2020-009

You are hereby notified that the Technical Committee heard the request for variance to the prohibited use of placing a septic system within a drinking water source protection zone 2 on April 7, 2021. In that public meeting, the Technical Committee moved to deny the request conditional upon the Green Hills Country Estates Water and Sewer Board allowing a connection to their community wastewater treatment system. If the Green Hills Country Estates Water and Sewer Board will not allow a connection, the Technical Committee will reconvene a meeting, at the request of the applicant, to re-consider and take action on the variance.

Please feel free to reach out should you have any questions regarding this action.

The approval of a Board of Adjustment Case is issued to the owner of the land as signed on the application and is valid for a period of time **not longer than 18 months** from the date of the Board decision or until an ordinance amendment changes the conditions upon which the decision was made. The issuance of a building permit for development stated in the Board of Adjustment case application constitutes full use of the variance or other benefit applied for.
