Weber County Planning

I am writing to request an Agricultural Exemption for a barn that I would like to build on my property in unincorporated Weber County. The parcel number where I would like to place the barn is 230130027. This parcel is 520 acres, and along with parcels 230130028 and 230130263 makes up a total of 963 acres.

The land is entirely undeveloped and maintains greenbelt status with sheep grazing. The barn would be to support the sheep operation and would not have any utilities or living area. There is no well presently on the property and the nearest power line is close to half a mile away.

I have attached an approximate location where I would like to build the pole barn. The barn would be 40x60 with a 14 foot height.

Thank you for considering my agricultural exemption so as to minimize the costs involved in placing a barn on my property.

Sincerely,
