Good Afternoon,

The District had been involved in the relocating of the sewer and sewer easement parcel #22-186-0002 and #22-186-0003 for Chuck Kofoed to accommodate the construction of his home. The District has agreed that he will redescribe the easement for the new sewer realignment. It will be recorded by Mr. Kofoed with his property in the Weber County Recorder's Office. Any questions please give me a call.

Sincerely,

Roy Watts
