PRIVATE WELLS DEED COVENANT AND RESTRICTION TO RUN WITH THE LAND

Notice is hereby given that private wells are part of the development of Hillside Haven Subdivision. The wells for this subdivision have not been drilled, tested, and the quantity and quality of the water is unknown. A restrictive protection zone from all concentrated sources of pollution is to extend 100 ft. in all directions from the well.

The process required to obtain a source of water from a well may take six (6) months or longer for approval from the State of Utah, and a proven source of water may or may not be established.

Notice is hereby given that no waste water system permits can be issued until there is a proven water source, and no building permits can be issued until a waste water system permit has been issued.
