*Time limitation for preliminary approval.* Subdivision applications that have not received preliminary approval within 18 months from the date of submittal shall be void. Subdivisions that have received preliminary plan approval shall have 18 months from the date of the preliminary approval by the planning commission to receive a recommendation for final approval of the subdivision or the first phase. An extension of preliminary approval for an additional time of up to 18 months may be granted by the planning director upon repayment of the subdivision application fees and the plan being brought into compliance with county, state and federal laws current at the time of the extension. The extension request shall be submitted and approved prior to the expiration of the original approval period. Only two time extensions for preliminary plan/plat extensions will be granted. The planning director shall deny any requested time extension beyond the two that are based on financial, economic, or self-imposed hardship.
