RE: File # EV 2020-07

Notice of Declined Hearing

Mr. Waterfall,

The Weber County Planning and Engineering Divisions have conducted a review of your resubmitted petition (File # EV 2021-07) to vacate certain public utility easements on the north east (rear) and south east (side) property lines of your Lot 11 of the Uintah Highland Subdivision No. 6.

However, prior to scheduling your petition for a legislative public hearing, the Weber County Commission met in work session on August 30th to be briefed on the topic. During this work session, the Commission reasserted that they do not desire to supersede a public utility's request to maintain the easements in place (as was discussed during the Commission's 2/16/2021 regular meeting where this petition was reviewed and denied under File # EV 2021-01). Without documentation confirming that Rocky Mountain Power is comfortable releasing claim to the petitioned easements, the Commission has exercised their option to decline the placement of your resubmitted petition on an upcoming meeting agenda for public hearing.

Correspondingly, your application file (EV 2021-07) has been closed and no further action will be taken.

Respectfully,

Scott Perkes, AICP
Planner III – Weber County Planning Division
