A Conditional Access Permit is hereby authorized subject to the Utah Department of Transportation's (the Department's) Access Management Rule (Utah Administrative Code R-930-6), the Utility Accommodation Rule (Utah Administrative Code R930-7), the Standard Specifications for Road and Bridge Construction, and any terms, conditions, and limitations set forth herein. Per Utah Administrative Code R930-6-8(6)(g), a Conditional Access Permit shall expire if the access construction is not completed within twelve (12) months of the issuance date as identified at the top left of this document.

By carrying out the activities authorized by this approval the permittee and the permittee's successors in interests and/or assigns agree to accept all terms, conditions, and, limitations, of the approval including any attachments submitted with the Conditional Access Permit Application. In addition, the permittee certifies they will comply with all applicable regulations, properly control and warn the public of said work to prevent accident, and shall defend, indemnify and hold harmless the Department from all damages arising out of any and all operations performed during construction and operation of said access. Per Utah Administrative Code R930-6-8(5)(e), the permittee understands any intentional misrepresentation of existing or future conditions or of information requested for the application for the purposes of receiving a more favorable determination is sufficient grounds for permit revocation. The access allowed under this permit creates a license to only access a state highway to the extent provided in the permit. The access may be closed, modified or relocated by UDOT if, at any time, UDOT determines in its sole discretion that safety, efficiency or other reasons so require. UDOT will not be liable for any costs, losses or damages resulting from UDOT's review and comments on the submitted plan sets for a Conditional Access Permit.

This conditional access permit does NOT allow construction or other activities within a state right-of-way. An encroachment permit must be separately applied for and issued before any construction within a state right-of-way may commence. Work on UDOT's right-of-way is seasonally restricted from October 15 to April 15. Work is not allowed on the right-of-way during the AM/PM peak traffic hours of 6:00 A.M. to 9:00 A.M. and 3:30 P.M. to 6:00 P.M. Some exceptions to this A.M./P.M. peak travel work restriction may be permissible for low AADT routes in rural areas. Any such exception requires special Region approval and must be explicitly stated on the approved encroachment permit.

TERMS, CONDITIONS, AND LIMITATIONS

1. A copy of this permit must be posted in a conspicuous location and be available for immediate review at the location of the permitted activity. No exceptions.
2. This agreement and/or permit is UDOT approval only. The permittee is responsible for obtaining clearances, authorizations, or permits from railroads, private property owners, other utility owners, and other government agencies as may also be required.
3. By the accepting this permit, the permittee acknowledges the hazardous nature of conducting activities within the right-of-way and assumes full responsibility in the event of an accident or other incident involving death, injury, or damages to any party resulting from the permittee's authorized use of the right-of-way.
4. All work performed under this permit must be in accordance with UDOT approved plans and standard drawings unless otherwise stated in writing.
5. The primary function of the highway is for transportation purposes. All other highway purposes are subordinate to this primary purpose. By conducting the activities authorized by this permit, the permittee agrees to timely prosecute the permitted activities in a manner that minimizes transportation-related impacts including but not limited to; ensuring overall site safety as an overarching priority, and by applying systematic efforts to minimize, or shorten, the project schedule.
6. UDOT may cancel, suspend, or revoke this permit due to:
 - A) Non-compliance with the permit provisions including terms, conditions, and limitations

- B) Deviating from the approved permit provisions without written authorization
- C) Misrepresentation(s) discovered on the originating application, or associated documents
- D) Adverse weather or traffic conditions
- E) Concurrent transportation construction or maintenance operations in conflict with the permit
- F) Any condition deemed unsafe for workers or for the traveling public
- G) Any other condition that arises where work stoppage may be warranted for cause

In the event of a cancellation, suspension, or revocation the permittee shall promptly terminate occupancy of the right-of-way.

7. At all times the permittee and all activities authorized under this permit will comply with all applicable federal and state constitutions, law, rules, codes, orders, and regulations, including applicable licensure and certification requirements.
 8. Use current edition of UDOT standard drawings for traffic control. Use Utah MUTCD standards for traffic control elements not shown in UDOT standard drawings. Traffic control must be maintained at the encroachment site for the entire encroachment period.
 9. Before constructing the access connection authorized by this conditional access permit, an encroachment permit must be secured first.
 10. The permittee agrees to maintain the permitted access in a professional workmanlike manner, free from physical defects including but not limited to potholes or other similar substandard conditions for the life of the permit. The permit holder's maintenance-related responsibilities shall extend to UDOT's edge of asphalt where said permitted access physically connects to UDOT's main traveled way and shall be guaranteed in perpetuity. Failure to properly maintain said private access point shall be grounds for permit revocation and for the closure of the permitted access point.
1. A copy of this permit must be posted in a conspicuous location and be available for immediate review at the location of the permitted activity. No exceptions.

5. The primary function of the highway is for transportation purposes. All other highway purposes are subordinate to this primary purpose. By conducting the activities authorized by this permit, the permittee agrees to timely prosecute the permitted activities in a manner that minimizes transportation-related impacts including but not limited to; ensuring overall site safety as an overarching priority, and by applying systematic efforts to minimize, or shorten, the project schedule.
6. UDOT may cancel, suspend, or revoke this permit due to:
 - A) Non-compliance with the permit provisions including terms, conditions, and limitations
 - B) Deviating from the approved permit provisions without written authorization
 - C) Misrepresentation(s) discovered on the originating application, or associated documents
 - D) Adverse weather or traffic conditions
 - E) Concurrent transportation construction or maintenance operations in conflict with the permit
 - F) Any condition deemed unsafe for workers or for the traveling public
 - G) Any other condition that arises where work stoppage may be warranted for cause

In the event of a cancellation, suspension, or revocation the permittee shall promptly terminate occupancy of the right-of-way.

7. At all times the permittee and all activities authorized under this permit will comply with all applicable federal and state constitutions, law, rules, codes, orders, and regulations, including applicable licensure and certification requirements.
8. Use current edition of UDOT standard drawings for traffic control. Use Utah MUTCD standards for traffic control elements not shown in UDOT standard drawings. Traffic control must be maintained at the encroachment site for the entire encroachment period.
9. Before constructing the access connection authorized by this conditional access permit, an encroachment permit must be secured first.
10. The permittee agrees to maintain the permitted access in a professional workmanlike manner, free from physical defects including but not limited to potholes or other similar substandard conditions for the life of the permit. The permit holder's maintenance-related responsibilities shall extend to UDOT's edge of asphalt where said permitted access physically connects to UDOT's main traveled way and shall be guaranteed in perpetuity. Failure to properly maintain said private access point shall be grounds for permit revocation and for the closure of the permitted access point.
1. A copy of this permit must be posted in a conspicuous location and be available for immediate review at the location of the permitted activity. No exceptions.
2. This agreement and/or permit is UDOT approval only. The permittee is responsible for obtaining clearances, authorizations, or permits from railroads, private property owners, other utility owners, and other government agencies as may also be required.
3. By the accepting this permit, the permittee acknowledges the hazardous nature of conducting activities within the right-of-way and assumes full responsibility in the event of an accident or other incident involving death, injury, or damages to any party resulting from the permittee's authorized use of the right-of-way.
