Dear Planning Commission/Engineering:

Re: Proposed Mel Clark Subdivision (a part of the N.W.1/4 of Sec 34, T.7 N., R.1E., S.L.B. & M.) sent by Planning Division letter of Dec 12, 2013 to Douglas Wilson.

The subject property, adjacent to the Eden Irrigation Company canal, is in an area previously identified to the Weber County Planning Commission IAW 2010 HB 60 as a potential risk zone. The potential risk is due to location, elevation and water volume with respect to the property and the canal. Please make the property owner aware of the potential risk zone and also Eden Irrigation canal easement requirements.

Feel free to contact me at 801-745-9546 if you have questions or need additional information.

Sincerely,

A handwritten signature in blue ink that reads "Ruby Raccasi". The signature is written in a cursive style with a large initial "R".
