RE: FINAL WILL SERVE LETTER – J & A Gibson Subdivision, Phase 3

The development is located at approximately 5000 W and 2200 S in Ogden, Utah (Taylor) and consists of 2 lots.

The Hooper Irrigation secondary pressurized irrigation system is available for the above project located at the above address. The subdivision has turned in 1 share of Hooper Irrigation water stock to use for the connection of both lots to the Secondary Pressurized System and access fees have been taken care of. When all lines are installed, Hooper Irrigation will take responsibility of the maintenance and care of the Secondary lines.

Only this project is in consideration and guaranteed service and the plan review is good only for a period of one year from the date of this letter, if not constructed.

Hooper Irrigation's specifications are available at the company office and indicate the requirement of meters on all new services. If you have any questions, please call the office at (801)985-8429

Sincerely,

Michelle Pinkston
Board Secretary
Hooper Irrigation Co.
