RE: Plan Approval, Western Basin Water Company Culinary Vault at 4700 W 900 S (S21041)

Dear Mr. Marriott:

Weber Basin Water Conservancy District has reviewed the design plans, received Feb. 14th, 2022 and dated Oct. 15th, 2021, for the above referenced culinary vault. Staff has found that, at this time, the plans appear to adequately comply with the District's standards. On this basis, the plans are hereby approved and an approval copy of the plans is attached.

After the Utah Division of Drinking Water has also approved the plans, please contact Casey Potter of our staff to schedule a preconstruction meeting. Please note that all submittals must be reviewed and approved by the District prior to the start of construction. The District will then provide culinary water to the vault provided all applicable District Specifications that are attached with this letter are followed during construction.

If you have any questions, please contact Casey Potter at our office: (801) 771-1677.

Sincerely,

Brad D. Nelson, P.E.
