RE: PRELIMINARY WILL SERVE LETTER – Summerset Farms Subdivision, PH 3

Phase 3 of the development is located at 2300 South and 3650 West approximately and consists of 11 lots. Hooper Irrigation Company has pressure irrigation water available for the afore mentioned project located at the above address. This letter states that the afore named project is in the boundaries of Hooper Irrigation Company. A formal application has been made to our office and the fee for application has been paid.

The subdivision plat plan has been reviewed by Hooper Irrigation. The preliminary plans have been conditionally approved for the above subdivision with some minor changes needed. Hooper Irrigation would like to bring to the attention of the Weber County Planning Commission that the Wilson Irrigation Canal traverses through the subdivision and into some lots in the plat plan which should be addressed. Only this project is in consideration and guaranteed service and the plan review is good only for a period of one year from the date of this letter, if not constructed.

Hooper Irrigation's specifications are available at the Company office.

If you have questions, please call 801-985-8429.

Sincerely,

Michelle Pinkston
Office Manager
Board Secretary
