Weber County Fire District
2023 West 1300 North
Far West, UT 84404

RE: Summit at Powder Mountain Development Parcel D- Lot 116
Response to Comments

Mr. Thueson,

The following are comments and responses pertaining to the civil engineering plans from your review and received on October 30, 2013.

Lot 116:

Due to the associated issues and challenges with the fire protection for the cottages on Lot 116 as a whole, each individual residence will have its own fire protection system. A fire suppression contractor will design the systems for each of the individual cottage locations. A copy of this design will be provided to the Fire District once it is completed.

We have addressed all of your comments and are submitting new improvement drawings for your review and approval. Please review and comment if need. If you have any questions please let me know

Regards,

Brandon Preece
Assistant Engineer

CC: Jared Andersen, PE- Weber County Engineer
Rick Everson, PE- Watts Enterprises, Inc.-Land Owner's Representative
