**SPECIFIC COMMENTS:**

1. All comments from previous review dated 10-10-13 have been address and corrected. It is noted that several lots have been removed from the initial plan, and will now be Phase 1E.

Every effort has been made to provide a complete and thorough review of these plans. This review does not relieve the owner, contractor and/or developer from compliance with any and all applicable codes and standards. Any change or revision of this plan will render this review void and will require submittal of the new or revised layout for fire department review.
