Ogden, UT 84403

RE: Vacating 5 feet of Easement.

Dear Mr. Stephens:

Our District Manager reviewed the existing 15 ft. public utility easement (PUE) located on the back of the lot at 2028 E. 6225 S., parcel # 07-421-0001, Lot 45, Highlands Bluff Estates Subdivision - Phase 5, Weber County, Utah.

You have requested a letter vacating 5 ft. of the easement leaving a 10 ft. easement which lines up with the easement on the properties on each side of Lot 45.

This letter is to notify you that Uintah Highlands Improvement District is not currently using this easement and therefore vacates its interest in the existing public utility easement (PUE) granting the 5 ft. easement variance request.

Respectfully,

Matt Sorensen  
District Manager
