Chad,

This email acts as the required pre-application meeting for your design review application. You can apply for design review on frontier using this link: <https://frontier.co.weber.ut.us/>

You should submit a pdf of your engineered drawings for the site and building. These should include a landscaping plan, parking plan, signage plan, stormwater plan, and building elevations. Once the application is submitted our planning technician will review the submittal for completeness and upload an invoice.

Let me know if you have other questions.

Thanks,

Steve
