REVIEW STATUS: Lot Combination Approved

SPECIFIC COMMENTS:

Weber Fire District received a notice from Mr. Braden stating that there are to be no improvements done to the site and that the current request is for a lot combination only (see letter dated 14 April 2014). The lot combination does not pose any concerns for the Fire District; however at the time of any improvements (roads, structures, facilities etc.) such improvements shall be required to go through the review process and will be subject to all applicable requirements.

Every effort has been made to provide a complete and thorough review of these plans. This review does not relieve the owner, contractor and/or developer from compliance with any and all applicable codes and standards. Any change or revision of this plan will render this review void and will require submittal of the new or revised layout for fire department review.
