Hi Steve,

We acknowledge that a rezone proposal has been received by your office for the approximately 10 acres Parcel ID 15-735-0039. This is within the current annexed boundaries of the Central Weber Sewer Improvement District. We understand that the proposed change is from agricultural to residential and have no additional comment at this time. When appropriate please direct the developer to our website for information on obtaining a Will Serve Letter (www.centralweber.com). Will serve letter requests can be submitted directly to Clay Marriott who is copied on this email.

Thank you,
Kevin

Subject: Acknowledgement

Hi Kevin,

Keith Ward and Tylor Brenchley are applying for a rezone out west, and it sounds like you are familiar with their request. We are asking for a letter of acknowledgement from CWS that acknowledges the rezone proposal and includes conditions of service. We do not need a will-serve at this point, just something from you acknowledging the rezone request. If you'd like you can respond to this email with an acknowledgement statement. Let me know if you have questions on this.

Thanks,

Steve Burton, AICP
