Hello,

Here is a link to the **county**'s website to apply for building permits, subdivisions, and design review applications: <https://frontier.co.weber.ut.us/>

For a subdivision application, we will need you to submit a pdf of the final subdivision plat, will serve letters for water and sewer service, title report dated within 30 days of your application submittal date, and a review fee. Please also submit this email as proof of a pre-application conversation.

For design review, we will need you to submit a set of plans showing parking plan, site plan, landscaping plan, building elevations, signage plan, and a narrative describing the proposal. There will also be a review fee for design review.

Once your through subdivision and design review , you can apply for a building permit.

Let me know if you have other questions.

Thanks!
