If the whole subdivision is in Weber then it should be OK. Yes, you can use this email as proof of pre application meeting if you are ready to submit your subdivision application online.

No, the entire subdivision is in Weber, the access easement to Heartwood Drive is located in Cache Valley, but it sounded like on our meeting that wouldn't be an issue. Could you explain what agreement might need to change and how we get that done?

Thanks

FAWKES

Yes, I remember now. Is some of that in Cache county? We talked to SMHG recently and they mentioned amending the interlocal agreement with cache to be able to make this work. That will probably need to happen before the subdivision can be approved.

Steve,

We are starting the application process for the Monument Subdivision, as I understand it, one of the requirements for submittal is the Pre-Application meeting notes. We met with you guys on 2-13, does that meeting count or do we need a different Pre-Application meeting that I need to set up?

Thanks!

FAWKES

Steve,

Is there a teams invite/zoom invite? I'm just seeing the meeting on the schedule and no link.

Thanks

Guy Williams

Steven, Tucker, and Tammy,

We are looking to remove the roundabout in Phase 1 to help mitigate grading/retaining walls in Phase 2. Could we sit down with all of you to go over this and see what it would take to get there?

Thanks

FAWKES
