RE: Plat Change Acknowledgement – Taylor Landings Subdivision, PH 4 & 5

Hooper Irrigation has been provided with revised plans for Taylor Landings Phases 4 & 5. The previous plat plan showed common areas reserved in both phases 4 & 5, however those common areas will now be revised to building lots. The former common areas will be amended to phases 6 & 7, so the current building lots for phases 4 & 5 will not change.

The subdivision plat plan has been reviewed by Hooper Irrigation. The preliminary plans have been conditionally approved for the above subdivision phases.

A final will serve letter will follow this letter after all plans have received final approval, fees have been paid, and water shares have been turned in to Hooper Irrigation.

Hooper Irrigation's specifications are available at the Company office.

If you have questions, please call 801-985-8429.

Sincerely,

Michelle Pinkston
Office Manager
Board Secretary
