Commitment to Serve

We have reviewed the Preliminary Plat for the above referenced Auditorium project to be located within the boundaries of Uintah Highlands Improvement District (the District") and Unincorporated Weber County.

This 'Commitment to Serve' does not imply that construction drawings have been reviewed or agreed upon. It is only to show that services are available. The District requires acceptance of improvement drawings and payment of impact and connection fees before building permit is issued.

Based upon the information contained on the plat and under existing conditions, the District is able and hereby commits to provide the following services to the proposed project.

Culinary Water X Sanitary Sewer Collection X

Secondary Water is provided by Weber Basin and is NOT part of this Commitment to Serve

NOTE: Rules and regulations section 4.1.4 states, Use of District water for secondary Irrigation purposes on lawns and gardens is *strictly prohibited*.
(See complete Rules and Regulations for full explanation.)

The District's commitment hereunder is made expressly subject to the condition that the Developer/Contractor be required to proceed according to the development procedures of the District.

The Developer/Contractor will agree to construct the improvements described herein strictly following District Specifications and to abide by all Rules and Regulations of the District, as the same currently exists or is amended from time to time.

Service is provided after payment of all applicable Impact/Connection Fees and/or Plan Review Fees have been paid. When occupancy is granted owner of said property must enter into a written agreement with the District for payment of services. (Complete an "Application for Service").

Dated this 3rd day of April, 2024.
