## WEBER COUNTY PLANNING

To Whom It May Concern:

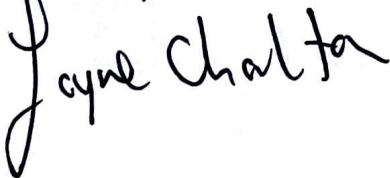

The purpose of this letter is to confirm the termination of the private irrigation ditch that runs along the northern boundary of Weber County Parcel #'s **150460026**, owned by *CHARLTON, LARRY H & LINDA K CHARLTON TRUSTEES* and **#150460025**, owned by *CHARLTON, LAYNE T.*

**Layne Charlton** confirms that his parcel is fully connected to culinary water for all his property's irrigation needs. He does not use or access water from the private irrigation ditch, nor has he needed to access it for many years. Hooper irrigation has also confirmed Layne Charlton is able to relinquish or sell agreed upon water rights if he chooses to do so.

**Linda K Charlton** confirms that this section of the private ditch terminates at her property and does not continue to service additional properties.

**Linda K Charlton and Layne Charlton** both agree to forego the need to incorporate an irrigation easement on their property's northern boundary line for the reasons detailed above.

**Layne Charlton**  
(Parcel **150460025**)

A handwritten signature in cursive script that reads "Layne Charlton".

**Linda K Charlton**  
(Parcel **#150460026**)

A handwritten signature in cursive script that reads "Linda K. Charlton".
