

Preparation Checklist for Annexation Petition Central Weber Sewer Improvement District

A parcel of property must be annexed into the Central Weber Sewer Improvement District (CWSID) before CWSID can provide sanitary sewer service. The process requires review and approval from the Weber County Surveyor's office, CWSID, and the Utah State Lieutenant Governor's office. The process also requires that the CWSID Board of Trustees (Board) approve a petition and adopt a resolution in two separate board meetings. These board meetings occur once a month. It is critical that all materials are prepared completely and correctly to avoid delays in the process.

This checklist identifies all required items for a complete petition submission. The petition must be submitted prior to the second Wednesday of the month for consideration by the board in that month's board meeting.
