Dear Chad Meyerhoffer,

Please use the letter as confirmation that Trappers Crossing Water Company will provide culinary and secondary water to the above referenced homesite located at 1188 S. Old Trappers Loop Rd., Huntsville, UT 84317.

Additionally, please use this letter as confirmation that the wastewater treatment plant located within the Trappers Crossing subdivision development will provide "affluent" wastewater treatment for the above referenced homesite located at 1188 S. Old Trappers Loop Rd., Huntsville, UT 84317. Please note, the above-mentioned location will need to provide a septic tank at the homesite to collect solid sewer waste, as only the affluent waste will be treated through the treatment plant.

If you have any questions, please do not hesitate to contact me directly.

Sincerely,
