POWDER MOUNTAIN, WEBER COUNTY, UTAH

Earl's Village Illustrative Plan

Earl's Village is the high mountain ski destination within the resort with hotels, townhomes and condominiums located around the south side of Earl's Peak. The Village provides for excellent access to the existing Powder Mountain Ski terrain while providing development parcels with commanding views from the top of the Mountain. Ski access out of the Village leads to Letty's, Mary's Bowl and to the Summit Village. Earl's also contains a limited number of ski-in/ski-out estate single family lots at the top of Mary's bowl.

Earl's Village also provides a secondary access stub for the project providing public access to the adjacent properties north and east of the Powder Mountain project area. This access is provided via Summit Pass Road with a roadway stubbed to the adjacent parcel and existing dirt road where the most feasible future roadway connection to the east exists. A separate roadway study has been provided to Weber County engineering to illustrate this connection feasibility.

Notes

I have had a chance to review the plan(s) and have the following comment(s):

1. The slope easements related to Spring Park and Copper Crest need to be shown and noted on the plat.
 - 1.1. Survey/legal are researching the new state statutes to determine if the easements need to be shown or not. (added 6/4/15)
2. We would like to discuss the possibility of a snow storage easement on Parcel G. Please contact me at your convenience.
3. Parcel G was labeled as open space on the original plat 1C. Still open space? If so, please label as such. (added 6/4/15)
4. Please label Copper Crest as a "...Private ROW and PUE." (added 6/4/15)
5. Survey narrative: typo in first line. (added 6/4/15)

I have tried to address all items of concern from the Engineering Department. However, this review does not forego other items of concern that may come to this department's attention during additional reviews or during construction of improvements. If you have any comments or questions concerning this review, feel free to contact me.

Notes

In reviewing the above referenced plat, we have marked areas that still require attention. We have included a revised copy of the plat marked with these changes and the changes we discussed last week. If you have any questions or comments we are here to serve and help you in any possible way to expedite the approval process for this subdivision.

We can be reached at the Weber County Surveyors Office at (801) 399-8010. Thank you.
